## TOWN WARRANT.

---

COMMONWEALTH OF MASSACHUSETTS,

MIDDLESEX, SS.

*To any Constable of the Town of Weston,*

GREETING:

In the name of the Commonwealth you are hereby required to notify and warn all of the inhabitants of the said town, qualified by law to vote in elections and town affairs, to meet in the Town Hall, in said town, on Monday the 28th day of March, 1927, at 12 o'clock noon to act on Article 1 of this warrant; and to meet in said Town Hall on the same date at 7.30 o'clock P.M. then and there to act upon the remaining articles of this warrant.

The polls for the election of town officers will be opened at 12 o'clock noon and may be closed at 7.45 o'clock P.M.

ARTICLE 1. To bring in their votes for the following town officers, each to be designated and all to be voted for on one ballot, namely: —

- A moderator for a term of one year,
- One selectman for a term of three years,
- One overseer of the poor for a term of three years,
- One assessor for a term of three years,
- One member of the school committee for a term of three years,
- A treasurer and collector,
- An auditor,
- One library trustee for a term of three years,
- One library trustee for a term of two years (to fill vacancy),
- A library treasurer,
- One trustee of the Merriam Fund for the silent poor for a term of three years,
- One park commissioner for a term of three years,
- One cemetery commissioner for a term of three years,
- One member of the board of health for a term of three years.
- Three measurers of lumber,

One member of the board of commissioners of trust funds for a term of three years,  
One member of the board of water commissioners for a term of three years,  
One member of the board of water commissioners for a term of one year (to fill vacancy),  
Five members of the planning board,  
A tree warden.

ARTICLE 2. To hear and act upon reports of town officers and committees.

ARTICLE 3. To determine whether the town will appropriate the sum of \$500, or some other amount, and elect a director for demonstration work in agriculture and home economics, the money to be expended by, and the director to serve in co-operation with the Trustees for County Aid to Agriculture, under the provisions of Chapter 128 of the General Laws.

ARTICLE 4. To determine whether the Town will appropriate a sum of money for the purpose of constructing a sidewalk along School Street from a point opposite the swimming pool and extending to the Town Library and also of constructing a path along the Library lot to connect with the Children's Room entrance.

ARTICLE 5. To consider the report of the Planning Board and especially to determine whether the town will vote to adopt a zoning by-law as recommended by the Planning Board, to alter or amend a draft of by-law submitted by said Board, to adopt the same or any other by-law of that general nature and character and to act anything relative to the subject of municipal zoning.

ARTICLE 6. To consider the report of the Inspector of Buildings printed in this Town Report in which are recommended certain changes and amendments to the by-laws of the town governing the construction of buildings and also to determine whether the town will vote to adopt additional by-laws regulating appliances and equipment used in the distribution and use of gas for domestic and other purposes.

ARTICLE 7. To determine whether the town will appropriate any money for the improvement and extension of the athletic field adjoining the school grounds and to take any other action relative thereto.

ARTICLE 8. To determine whether the town will vote to amend Section 6 of Article III of the town by-laws by striking out the word "posted" so as to read:

SECTION 6. No person shall fire or discharge any firearms or explosives of any kind within the limits of any highway, park, or other public property, or on any private property, except with the consent of the owner or legal occupant thereof; provided, however, that this by-law shall not apply to the lawful defence of life or property, nor to any discharge of firearms in accordance with law.

or to take any other action relative to said section of the by-laws.

ARTICLE 9. To determine whether the town will change the names of any existing streets, highways or roads in the town in accordance with the report of the Special Committee appointed at the annual town meeting held March 22, 1926.

ARTICLE 10. To determine whether the town will vote to accept Sections 42A to 42F inclusive of Chapter 40 of the General Laws (Chapter 391 of the Acts of 1923) making unpaid water rates a lien upon real estate.

ARTICLE 11. To determine whether the town will adopt a new by-law providing that the collector of taxes shall collect all accounts due the town and defining his powers and duties in relation to the collection of such accounts in accordance with the provisions of Section 38A of Chapter 41 of the General Laws (Section 3 of Chapter 269 of the Acts of 1926) or to act anything relative thereto and relative to the bookkeeping and accounts of the water department.

ARTICLE 12. To determine whether the town will accept and allow as a public way a road being an extension of a portion of the highway known as Ridgeway Road and extending from said Ridgeway Road to the boundary of the Town of Wellesley near Glen Road as laid out by the Selectmen and set forth in their order and in accordance with plans on file in the office of the Town Clerk.

ARTICLE 13. To consider the report of the Water Supply Investigating Committee appointed at the annual town meeting held March 22, 1926, said report being dated January, 1927, and having been printed as a separate document and distributed throughout the town; to determine whether the town will vote to adopt any or all of the recommendations of said committee and to act anything relative thereto or relative to the Water Department of the town; and to determine whether the town will appropriate any money to carry out any of said recommendations of said committee and whether the town will vote to borrow the sums of money necessary to meet any appropriations which may be made under this article and to issue bonds or notes of the town by authority of the General Laws or of any special act and to take any other action in the premises which the town may see fit to take.

ARTICLE 14. To raise and appropriate, by borrowing or otherwise, such sums of money as may be necessary for all or any of the purposes mentioned in the foregoing articles, or as may be required to defray the expenses of the town for the ensuing year; and especially to act upon all the appropriations asked for or proposed by the Selectmen or by any town officers or committees in their reports.

And you are to serve this warrant by posting three attested copies thereof according to the vote of the town, namely, at the town house, at the Kendal Green post office, and on the town bulletin board at the junction of South Avenue and Newton Street and Park Road seven days at least before the time appointed for said meeting.

Hereof fail not; and make due return of this warrant with your doings thereon to the Selectmen at the time and place of said meeting.

Given under our hands this seventh day of March in the year of our Lord one thousand nine hundred and twenty-seven.

HERBERT E. TYLER,  
BENJAMIN LORING YOUNG,  
BRENTON H. DICKSON, JR.,

*Selectmen of the Town of Weston.*

## REPORT OF THE SELECTMEN.

The Selectmen submit the following report for the year ended December 31, 1926, and include herein the budget of appropriations recommended for the year 1927 as provided by section 5 of Article II of the By-Laws.

At the Annual Town Meeting held March 22, 1926, Brenton H. Dickson, Jr., was elected a member of the Board for a term of three years. Mr. Dickson took the place of Mr. Lawrence B. Page, who had held office for three years and had served the Town with intelligence and true public spirit. Mr. Page's knowledge of insurance was of great value to the Town and, due to his suggestions, a thorough survey and valuation of all Town property was made and new insurance policies written on a blanket average rate. The Selectmen feel that the insurance affairs of the Town are now in excellent condition, and we wish to give full measure of credit in this matter to Mr. Page.

Stated meetings of the Board are held at the Town House on the first Monday of each month at eight o'clock P.M. During the year 1926 the Board held twelve stated meetings and twenty-four special meetings and conducted twelve public hearings. The members of the Board have also at various times conferred with other Town officers and have attended hearings and held conferences at the offices of the County Commissioners in East Cambridge and at the State House in Boston.

The list of officers and committees elected or appointed during the year and also a list of licenses and permits granted by the Board are set forth in detail in the Town Records.

### Annual Town Meeting.

The Selectmen have voted that the Annual Meeting be held on Monday, March 28, 1927, as appears in the Warrant printed in this report. The polls for the election of Town officers will be opened at twelve o'clock noon, as required by law, and may be closed at seven-forty-five o'clock P.M. No other business can be transacted before the hour of seven-thirty o'clock P.M. Last year, for the first time, the Annual Town Meeting was held in the

evening, with the result that the attendance was far greater than in previous years. The Selectmen believe that the change from the afternoon to the evening meeting was approved by a large majority of the voters, and recommend that the evening meeting be hereafter regarded as a permanent policy of the Town.

### **Alfred L. Cutting.**

In the Town Report for 1925, the Selectmen recorded their deep regret that Alfred L. Cutting had declined to be a candidate for re-election to the Board, and the Town, at the Annual Meeting, adopted appropriate resolutions expressing the gratitude of the voters for the long and distinguished public service rendered by Mr. Cutting. Within a few weeks after the meeting, occurred Mr. Cutting's sudden death on April 26, 1926. The Selectmen suggest that at the Annual Town Meeting the Town take further action by way of the adoption of resolutions in recognition of the life and services of Mr. Cutting.

### **Motor Bus Licenses.**

On February 16, 1926, the Selectmen adopted regulations for common carriers of passengers by motor vehicles. These regulations are printed in full in this volume as part of the Town Records. In accordance with these regulations and with the statutes of the Commonwealth, licenses were subsequently granted to the Boston and Worcester Street Railway Company and Franklin T. Miller, Receiver of said Company, to the Waltham Auto Exchange, Inc., and to Harriet R. Lindsey.

### **Board of Survey.**

At the Special Town Meeting, held November 17, 1925, the Town accepted section 73 of chapter 41 of the General Laws which provides that the Selectmen shall constitute a Board of Survey. Under authority of that vote and of the statute referred to, the Board of Selectmen, acting as a Board of Survey, adopted rules and regulations governing the preparation of petitions and plans. This action was taken on June 7, 1926, and said rules and regulations are set forth in full in this volume as part of the Town Records.

### **Building Laws.**

The building laws adopted at the Annual Town Meeting of 1926 as Article VI of the By-Laws were subsequently approved by the Attorney General and were printed and distributed throughout the town by J. Sumner Viles, Constable, as provided by law. The adoption of these building laws will safeguard the future development of Weston. The Selectmen appointed Mr. Franklin C. Mulock Inspector of Buildings and Inspector of Wires. His expenses for the year amounted to less than \$200, while fees were charged for the approval of buildings amounting to approximately \$130, some of which had not reached the treasury before the close of the fiscal year. It will, therefore, be seen that the building laws, instead of being an expensive luxury, may prove practically self-supporting. Mr. Mulock has suggested a few amendments to the building laws which will be found in his annual report, and which will come before the Town for consideration at the Town Meeting. He has also suggested the adoption of a new by-law governing the regulation of gas appliances which will come before the Town for consideration.

### **South Avenue.**

At the Annual Town Meeting of 1926, the sum of \$15,000 was appropriated for widening and reconstructing South Avenue. Equal sums were appropriated by the Commonwealth and the county, making \$45,000 available. The work was laid out under the approval of the Division of Highways of the Commonwealth, starting with the Natick line and running to a point between the corner of Highland Street and the old cemetery. The Selectmen recommend that the work be continued this year and that the Town appropriate \$10,000, this sum to be available if similar amounts are appropriated by the county and Commonwealth. The policy of expending a part of the highway funds each year for permanent improvements recommends itself to us as sound and economical in the long run. The annual maintenance cost for a well-built modern highway is much less than for an old-fashioned country road under modern conditions of motor traffic. It is, therefore, sound business to rebuild on modern standards the principal thoroughfares of the Town.

### **Taking of Land for Park Purposes.**

At a Special Town Meeting held June 2, 1926, the Town authorized the Park Commissioners to take by eminent domain a parcel of land adjoining the Town Hall lot and owned by Mr. George H. D. Lamson. The sum of five thousand dollars was appropriated for this purpose. We understand that before the Annual Town Meeting of this year is held the papers will have been put on record and title to the land vested in the Town.

### **Report on Water Supply.**

The Special Water Supply Investigating Committee, appointed by the Selectmen by authority of a vote of the Town adopted at the Annual Town Meeting of 1926, has submitted in print a long and comprehensive report including a report of Messrs. Metcalf & Eddy, Consulting Engineers. This report has already been distributed throughout the Town and will come before the Annual Meeting for consideration by the voters. We wish to commend the members of the Committee for their thorough and painstaking work. We hope that the voters will study this report with the greatest care in order that the discussion and action to be had at the Town Meeting may be based on thorough and complete knowledge of the situation.

After the Annual Meeting of 1926, Mr. Harry F. Warren and Mr. Arthur L. Hersum resigned from the Board of Water Commissioners. The Selectmen thereupon held a meeting with Mr. Edward P. Ripley, the third member of the Board, and, acting by authority of section 11, chapter 41 of the General Laws, the Selectmen and Mr. Ripley unanimously chose Mr. Frank W. Knowlton and Mr. Abel J. Colpitts members of the Board of Water Commissioners to serve for the term of one year.

### **Proposed Zoning By-Law.**

The Planning Board has drafted a proposed by-law for zoning the Town into various districts for residence and business purposes. This proposed by-law is printed in this volume. The subject of zoning has been considered by a number of cities and towns in Massachusetts, and many by-laws and city ordinances have been adopted. Municipal regulation of the use of property in this way has been upheld as constitutional by the Supreme Judicial

Court of Massachusetts and by the Supreme Court of the United States. The theory of zoning is that no person who owns land shall be permitted to use that land in a manner which is harmful to the general welfare of the community in which he lives. The Selectmen are of opinion that some by-law for zoning the Town should be adopted, and we urge the voters to study this matter with care and be prepared to take action at the Town Meeting.

### Trust Funds of the Town.

The Commissioners of Trust Funds have made this year their first annual report, that Board having been created by vote of the Town in 1925, and the first elections to the Board having taken place last year. We call particular attention to the recommendations of that Board with regard to the Horace S. Sears Town Hall Fund and the proposed use for Memorial Day purposes of the War Bonus Fund and Public Safety Fund.

### Insurance.

At the request of the Selectmen, the firm of Edward Spaulding & Company has given us a report covering the insurance on Town property, this report being as follows:

**Town Warrant.**

Article 8 of the Warrant was inserted on petition of twenty-four voters. Article 7 was inserted on request. The other articles were drafted by the Selectmen to take care of reports of Town officers and committees, the appropriations for 1927 and the usual routine business.

**Town Finances.**

The Town is in good financial condition, the books showing a surplus of \$42,535.32 at the close of the fiscal year 1926. The Town debt on December 31, 1926, was \$89,000 represented by \$8,000 outstanding Town Hall Bonds and \$81,000 Water Loan Bonds.

The budget of appropriations has been made up after consolidation with various Town officers, and will be submitted to the Finance Committee for consideration and approval before the date fixed for the Town Meeting. The appropriations recommended by the Selectmen for 1927 amount to \$188,275 which is

a decrease of \$16,000 from the figures of 1926. The budget recommended should take care of the ordinary expenses of the Town for the coming year. It should be borne in mind, however, that the recommendations of the Water Supply Investigating Committee are included in the budget. If the Town sees fit to adopt any of the recommendations of that committee, the expense would presumably be borne by a bond issue.

The Selectmen wish particularly to thank the various Town officers and committees for the care exercised during 1926 to keep expenses within appropriations. A reserve fund is appropriated each year, usually amounting to \$2,500, which fund is subject to transfers made by the Selectmen to other departments to take care of unexpected contingencies. In 1926 the total transfers noted were \$318.36, a remarkable result on an appropriation budget of more than \$200,000.

## REPORT OF THE BOARD OF WATER COMMISSIONERS.

---

The Water Commissioners have confined themselves largely to maintenance and upkeep during the past year. All matters of future extensions and other matters looking to the future were in the hands of a Special Committee, and the Commissioners felt that it was advisable to keep to the matter of operating the system until such Committee had reported.

By the Acts of 1903, chapter 316, the Weston Water Company was authorized to maintain mains in the Town of Wayland, provided that if at any time the Town of Wayland wished to take over the mains within the Town limits, it should have the right to do so by the payment of the sum of \$3,800 for all work installed before June 1, 1903, and the actual cost without interest of construction work done after that date. In October, 1926, the Town of Wayland desired to take over the property within the Town and offered to pay \$3,800 for it. The Water Commissioners could not find evidence of any expenditures after June 1, 1903. Accordingly, at the Special Town Meeting held October 28, 1926, the acceptance of the sum of \$3,800 was authorized, as well as the execution of a deed to the Town of Wayland. It was then provided that the sum received should be set up as a special fund in

the treasury of the Town, to be used for such purposes in connection with the water system of the Town as may hereafter be from time to time determined by vote of the Town.

At that same Town Meeting, upon the recommendation of the Water Commissioners, they were authorized to contract with William M. Wilson for the installation of certain mains and pipes on Viles Street, and the sum of \$2,500 was appropriated to be expended in connection with that contract, such sum to be taken from the special fund set up of the money received from the Town of Wayland. Wilson did not elect to go ahead with the matter. Accordingly, nothing was done under the vote passed at that Town Meeting. It seems appropriate that the \$2,500 should be returned to the special fund set up, and accordingly your Commissioners recommend that proper votes be taken that the \$2,500 be reinstated as part of the special fund of \$3,800.

The absence of any definite regulations in respect to separate service of water has caused some difficulty in the past and some unevenness in respect to the division of metered services. Accordingly, the Board adopted the following regulations which became effective January 1, 1927:

Every service using Town water shall be a metered service and the owner of the property served shall be held responsible for the safe condition of the meter.

Each separate tenement occupied by a single family and using a flush closet shall be a separate service and shall be separately metered.

Every store or place of business having one flush closet or more than one outlet shall be a separate service and separately metered.

The Water Commissioners recommend that the Town accept the provisions of the Acts of 1923, chapter 391, making unpaid water rates a lien upon real estate.

That act in substance provides that if rates and charges due a Town which accepts the act for supplying water to any real estate at the request of the owner or tenant, including such interest and costs as are established by local by-laws, are not paid within sixty days after the due date, the same shall be a lien on such real estate.

The act further provides that the lien shall take effect on filing for record in the Registry of Deeds a statement by the officer in charge of the Water Department that the rates and charges for water supply have remained unpaid for sixty days after their due

date and stating the name of the owner of record, and the lien continues for a year from the following October 1.

In the Town Report for the year 1925, and in the report of the State Chief Examiner, who audited the books of account of the Town, the recommendation was made —

In order that information may be had at all times concerning the Water Department accounts receivable, it is recommended that all charges for water be committed to the Collector for collection, and that the total amount committed at various periods, as shown by the detailed commitment sheets, be set up on the Auditor's ledger. Similarly, the Auditor should be notified of all departmental accounts receivable billed for collection, so that proper ledger entries may be made.

This recommendation, in the opinion of the Water Commissioners, should be followed.

The Acts of 1926, chapter 269, section 3, require a by-law or ordinance of the Town to accomplish this purpose. Accordingly, the Water Commissioners recommend that the by-laws of the Town be amended to provide for the commitment to the Town Collector of all accounts due the Town in accordance with that statute.

The financial statement for the past year is as follows:

SUMMARY OF FINANCIAL OPERATIONS (EXCLUSIVE OF EXTENSIONS).			
Gross income <sup>1</sup>	.	.	\$17,823.27
Operating expenses <sup>2</sup>	.	.	9,395.55
Operating profit	.	.	\$8,427.72

## REPORT OF THE SUPERINTENDENT OF MOTH WORK.

---

TO THE BOARD OF SELECTMEN OF WESTON:

*Gentlemen,* — Corroborating our report of last year there was no noticeable feeding of gypsy or brown-tail moths last summer. However, I feel in some sections there has been a slight increase in gypsy moth egg clusters deposited, and that every owner of shade or fruit trees should have their trees carefully examined and any egg clusters creosoted.

It is my earnest hope that we shall never see a return of the conditions of some twelve or fifteen years ago, but to guard against such a return I feel an appropriation of \$300 necessary to watch conditions the ensuing year.

Respectfully submitted,

EDWARD P. RIPLEY.

---

## REPORT OF THE TREE WARDEN.

---

TO THE BOARD OF SELECTMEN:

*Gentlemen,* — There has been expended from the appropriation \$371.08. We have been fortunate this past year in that we have had no severe storm to damage our trees. This has made it possible for us to expend less than the amount appropriated. I would recommend that the sum of \$1,000 be appropriated for the coming year.

Respectfully submitted,

AUGUSTUS M. UPHAM,

*Tree Warden.*

## REPORT OF SUPERINTENDENT OF STREETS.

### TO THE BOARD OF SELECTMEN:

*Gentlemen,* — I respectfully submit herewith the annual report of the Highway Department for the year ending December 31, 1926. There has been expended for the general maintenance and construction of highways \$30,857.10, of which \$5,564.71 was used for the removal of snow and ice. The Town has been reimbursed in the sum of \$354.81 for private work and material used. We have stored at the crusher and in various parts of the Town material such as crushed stone, sand, gravel and tarvia for use at some future time, the value of which is approximately \$2,000.

### AMOUNT EXPENDED IN EACH STREET.

Ash Street . . . . .	\$250.00
Bogle Street . . . . .	220.00
Brown Street . . . . .	280.00
Chestnut Street . . . . .	370.00
Church Street . . . . .	500.00
Crescent Street . . . . .	135.00
Cross Street . . . . .	10.00
Cliff Road . . . . .	45.00
Conant Road . . . . .	1,223.00

Ridgeway Road . . . . .	660.00
Riverside Road . . . . .	200.00
River Street . . . . .	500.00
School Street . . . . .	695.00
Summer Street . . . . .	530.00
South Avenue . . . . .	1,080.00
Silver Hill Road . . . . .	300.00
Sudbury Road . . . . .	200.00
Town House Road . . . . .	250.00
Viles Street . . . . .	300.00
Ware Street . . . . .	75.00
Wellesley Street . . . . .	1,475.00
Winter Street . . . . .	912.00
Westland Avenue . . . . .	300.00
Webster Road . . . . .	385.00
Warren Avenue . . . . .	750.00

Of the expenditures, the principal item as listed in the Auditor's report were as follows:

Distribution of expenses:

General Maintenance:

Road binders (oil and tarvia) . . . . .	\$9,476.74
Labor (including teamsters) . . . . .	10,148.38
Horses, double teams, hired trucks . . . . .	7.00
Crushed stone . . . . .	728.00
Gravel, sand and field stone . . . . .	1,131.86
Equipment and repairs . . . . .	1,322.28
Pipe, cement, lumber, etc. . . . .	337.90
Coal, gasoline and electric power . . . . .	1,422.93
All other expenses . . . . .	716.86

Total . . . . .	\$25,292.39
-----------------	-------------

### Maintenance Work.

The ever-increasing use of the streets for pleasure driving makes it necessary to do more work in order to keep them in a satisfactory condition. Owing to the fact that North Avenue has been rebuilt and that South Avenue is being permanently constructed, it will enable us to give more attention to the other streets.

### Bituminous Material.

There has been used on the streets during the year, approximately 84,000 gallons of oils and tarvia.

### Sidewalk Work.

There has been expended during the year \$892.07. A new walk was built on North Avenue between the T. E. Coburn estate and G. W. Broderick store, also one near the home of George Faber, and repairs were made on other walks as needed.

### Snow and Ice.

There has been expended for the removal of snow and ice, \$5,564.71.

### Machinery and Equipment.

There was expended during the year the sum of \$1,992.52. The Town purchased a one-ton Ford chassis, a gasoline mixer, made repairs on the two steam road rollers, general repairs on the trucks, and built a roof over the crusher bin, which was much needed. We need a power loader, as all material has to be moved by hand, which is not only laborious but expensive.

### Recommendations.

For the coming year I would make the following recommendations:

General Maintenance . . . . .	\$28,000.00
Sidewalks . . . . .	1,500.00
Machinery accounts . . . . .	2,000.00
Other expenses . . . . .	500.00

### Special Work.

The rebuilding of South Avenue, with state and county aid, was started this year at the Natick line and completed to a point near the old South Cemetery at a cost of \$39,814.53. The work was done in a very thorough manner, and we have a layout that the Town can be proud of. I hope the work will be continued this year.

I wish to express my appreciation to the men of the Department who have co-operated with me in carrying on the work.

Respectfully submitted,

AUGUSTUS M. UPHAM,

*Superintendent of Streets.*

## REPORT OF THE SCHOOL COMMITTEE.

---

The School Committee respectfully submits the following report for the year ended December 31, 1926:

At the Annual Town Meeting held on March 22, 1926, Mr. Raymond W. Coburn was elected for a term of three years replacing Mr. Warren P. Adams, Jr., who did not stand for re-election.

The Committee organized at its meeting held on April 2, 1926, by electing Mrs. Carolyn E. Burrage, Chairman, and Mr. Charles O. Richardson, Secretary.

One special and eleven regular meetings were held during the calendar year.

At the regular meeting held on April 2, 1926, Mr. Charles M. Eaton was reappointed Superintendent of Schools; Mr. Harold Mosher, Attendance Officer; Mr. Allan Cameron, Custodian of Buildings and Grounds; Dr. Fresenius Van Nuys, School Physician; and Mrs. Edward Whittemore, School Nurse.

The school census taken as of October 1, 1926, was as follows:

490 between the ages of five and sixteen years.

92 five years of age and over and under seven years.

320 seven years of age and over and under fourteen years.

78 fourteen years of age and over and under sixteen years.

Illiterate minors — none.

### Teachers and School Attendance.

Mr. Charles M. Eaton was duly appointed Principal of the High School, and the following teachers were appointed for the school year 1926-1927:

Mr. Carl T. Rhoades, Assistant Principal of the High School.

Miss Emma F. Ripley.

Miss Constance E. Burrage.

Miss Helen B. Green.

Mrs. Carl T. Rhoades.

Mrs. Helen G. Hill.

Miss Laura M. K. Fisher.

Miss Hazel M. Staples, and as

Principal of the Grammar School.

Miss Marion R. Perry.

Miss Rebecca McKenna.

Miss Emily F. Adams, and as

Principal of the Primary School.

Mrs. Virginia A. Morrissey.

Miss Charlotte R. Truit.

Mrs. Georgiana Eldred.

Miss Mary A. Underwood.

Mrs. Emma A. Brox.

In addition to the above, the following were appointed:

Drawing — Miss Sarah E. Jewett.

Music — Mr. Frederick Taylor.

Manual Training — Mr. Philip E. Perry.

Later Mrs. Brox resigned and Miss Marion Robinson was appointed as a teacher in the schools on October 2.

Arrangements made with Mr. Harry L. Bailey a year ago for the use of the house known as "Teachers' Lodge" have been continued, and the income from the fund left to the Town by the late Horace S. Sears for the benefit of the teachers has been applied against the rent of the Lodge. The Committee believes that in continuing the Lodge they are rendering the greatest possible service to the teachers.

For the school year ended June 30, 1926, the average daily attendance was 397. The schools were in session 178 days for the Elementary Department and 180 days for the High School.

## Work in the Schools.

Details of the work which is being done in the schools will be found in the reports of the Superintendent of Schools and of the special teachers which follow.

CAROLYN E. BURRAGE,  
RAYMOND W. COBURN,  
CHARLES O. RICHARDSON,

*School Committee of the Town of Weston.*

JANUARY 19, 1927.

## Superintendent's Report.

WESTON, January 19, 1927.

Mrs. CAROLYN E. BURRAGE, Chairman of the School Committee:

*Dear Madam,* — I am submitting my yearly report for the twelve months ending December 31, 1926.

### ATTENDANCE.

The report of attendance will be found on an adjoining page of this document. Despite the fact that sundry epidemics of minor illnesses and a few serious cases have reduced the percentages, and cut down the days of perfect attendance, very good results are shown. Few children are absent except for illness, and each room is ambitious to have a high rank in relation to the others.

In the number of perfect days, the North School, with 83, easily is in the lead.

Certain of the children whose names appear in the attendance report have a remarkable showing of consecutive years of perfect attendance. It is no easy thing for a child to finish one year with not a break — to finish two, three, four, or even five, is a remarkable achievement.

### TUITION PUPILS.

This year the schools have received in the High School 8 pupils, and in the grades 8 pupils, from other towns. The State has placed seven of its wards in families of the town who are of age to attend school. This gives a total of 23 pupils who bring to the treasury about \$1,300.

### HEALTH ACTIVITIES.

The work of the school physician has gone on in detail as usual. Despite care, there have been many cases of contagious illness. Partly as a result of oversight, partly by good fortune, there have been few serious cases, and no needless contagion has been permitted.

The physical exercises have been conducted on the same lines as in previous years. Some day the opportunity will present itself to the town to add a gymnasium to its equipment for the pupils, and then this work may be raised to a more satisfactory plane.

## NO SCHOOL.

Serious difficulty was caused last year when heavy snow caused a suspension of school for several days in February. During the spring a circular letter from the State Board of Education notified us, in common with other High Schools of the State, that we must keep the school open the statutory 180 days. This was attained only by dint of keeping school on a Saturday and counting every possible day. This makes plain the necessity of keeping schools open on every possible day if we are not to extend our year late into June.

Under present conditions the main streets — Central Avenue, Church Street and Newton Street — are cleared at once, even with a heavy fall of snow. As a result, three-fourths of the pupils can usually be brought to school even after a heavy storm. It is therefore, all things considered, a wise thing to omit a day of school only when it is absolutely impossible to use cars on these main streets.

## TRANSPORTATION.

Under the new Insurance Law the cars which carry the children are now covered by insurance. It is worth while in this connection to observe the remarkable freedom from accident since these motor cars came into use. We hope that this may continue.

## SCHOLARSHIP.

More and more it has become evident that the attention of pupils everywhere is divided by the many opportunities for pleasure, and the many interests which attract them.

To meet this competition schools have altered their methods, made the work easier, and sought to interest their pupils in every possible way. Much of this change is for the better. The attempt to make the work easier has been of doubtful value. Even the pupils have little respect for courses purposely made "easy," and such courses neither develop character nor prepare for the struggles of later life.

The schools of the Town of Weston have sought to maintain a worthwhile standard.

## HONOR LIST.

That our standards are not unreasonably high is shown by the Honor Lists. Such lists are maintained and posted on the blackboard in the upper two grades and in the High School. At this moment the numbers are as follows:

	Total Pupils.	Honor Pupils.
High School . . . . .	125	33
Grade VIII . . . . .	31	12
Grade VII . . . . .	31	12

If the methods of marking produce so many averages over 80 per cent, which is the standard of the Honor Lists, it is hardly to be thought they are unreasonably severe.

#### LUNCHES.

The sale of milk to the children of Grades I to IV has been continued. The milk is of excellent quality, and is delivered with much punctuality and at suitable temperature.

Above the four grades during the cold weather hot lunches are served at cost. This service is rendered under guidance of the teacher of domestic science, and is to some extent a burden and a hindrance to the regular work of the Department.

In many towns some outside agency, such as a woman's club, or a community league, has taken over this task. It would be very desirable if something of the sort could be done in our schools.

#### MANUAL TRAINING AND DRAWING.

These subjects have continued to interest and serve many pupils who find mere book-work tedious or uninteresting. Especially the mechanical drawing has appealed to certain of the pupils. The after-school work in manual training is especially interesting. Three days in each week from six to twenty pupils remain after two o'clock voluntarily for extra work. Happily and enthusiastically they saw or hammer at their work and take much interest in the various articles they produce.

#### THE HIGH SCHOOL.

The grade which from the first has been nearly double the size of our average grade has now reached the High School. Numbering forty-eight, they made new arrangements necessary. Seats were placed in one of the upper rooms, hitherto used for the drawing classes, but admirably fitted for this exact purpose.

The total number, 125, made necessary an additional teacher in the High School. Miss Charlotte Truitt, a graduate of the school and of Smith college, was obtained to meet this need.

The extra teacher who has for years been needed in the grades for this class was rendered unnecessary, so that this addition to the High School faculty is not a real increase in the teaching staff, but merely a change of location.

#### GIFTS.

Miss Marian R. Case has for still another year given liberal prizes to the pupils of the schools. This year the subject was

"THE TOWN GOVERNMENT OF WESTON."

Prizes were awarded as follows:

First Prizes:	Grade XII.	ISADORE CUTLER.
	Grade XI.	HELEN ELDRED.
	Grade X.	DOROTHY NASON.
	Grade IX.	CATHERINE HALEY.
	Grade VIII.	HARRY JONES.

### THE CHARLES J. PAINE SCHOLARSHIP.

No applicant whose circumstances accorded with the deed of gift of this scholarship this year presented himself as a candidate.

### THE HORACE S. SEARS SCHOLARSHIP.

This scholarship was awarded by the minister of the First Parish, and by the principal of the High School, in three portions, to the following:

HERBERT LOVEWELL, freshman in Tufts School of Engineering.  
 LEWELLYN SCHOFIELD, sophomore in Northeastern School of Engineering.  
 ROLAND UHLIN, sophomore in Northeastern School of Engineering.

### THE HORACE S. SEARS FUND.

The prizes from this fund were awarded last year as follows:

1. For essays on the subject, "Interdependence of Labor and Capital:

First Prize, ROGERS MAYNARD.  
 Second Prize, ISADORE CUTLER.  
 Third Prize, PHILIP JENNEY.

2. For excellence in arithmetic tests:

First and Second Prizes, boys, divided between FOREST ZOLLER  
 and LINCOLN SMITH.  
 Third Prize, HERBERT LOVEWELL.  
 First Prize, girls, EDNA FOOTE.  
 Second Prize, MARY HOYE.  
 Third Prize, ISADORE CUTLER.

### SCHOOL ENTERTAINMENTS.

Appended to this report are programs of the following public events of the High School:

- (a) Prize Declamations.
- (b) Dramatic Evening.
- (c) Graduation of the Class of 1926.

These prize competitions and various public evenings lend interest and variety to the school year. We are fortunate in Weston to have so many public-spirited citizens interested to help the school by their money or their presence or in any other way in which they can give help.

We are fortunate, also, in the action of the citizens as a public body in their readiness to appropriate money, their unbroken choice of wise and helpful School Committee members, and their loyal support of their schools and their teachers.

Yours truly,

CHARLES M. EATON,  
*Superintendent of Schools.*

## Music.

Mrs. CAROLINE BURRAGE, Chairman School Committee, Weston, Mass.

*My Dear Mrs. Burrage,* — In submitting my annual report, I take pleasure in calling attention to several additional features in our Music Course.

It has been a source of satisfaction to note the interest shown in the Music Appreciation work in the grades. The familiarity with musical selections shown by the pupils has been manifested by reports received from the parents and the teachers. The pupils in the Weston schools are listening more intelligently to the music from victrola and radio.

Encouraged by this progress, we have inaugurated a music memory contest this year, the final results of which will be demonstrated Parents' Day. During the early weeks of this memory work, pupils in the fifth to eighth grades, inclusive, failed to remember even a small group of pieces presented to them. During my last visit, I played a group of six numbers and was gratified to obtain nine perfect papers in the fifth grade, sixteen in the sixth, seventeen in the seventh, and fourteen in the eighth. One part of our aim in the music course is to develop attentive listening and retentive memory, and the above results bid well for success.

The first music appeal is approached through singing. The work in music reading is so well systematized that the grade teachers are carrying on this phase of the work with very little assistance on my part. The singing of part songs in the upper grades continues to be dependent on voice conditions. Voices are watched carefully through individual singing, and parts assigned and material chosen to fit voices.

In the High School chorus work we endeavor to study one chorus work of high value during the school year. The patriotic anthem "Union and Liberty" was presented last year, and this season a still more pretentious vocal number is in preparation.

To further advance the music work, I recommend that we adopt the entire Music Education series published by Ginn & Co. This series is available in a complete eight-book course. We already have four of the books in our grades as well as all the material for rote song singing, and it will mean buying just the third, fourth, and fifth grade books at present. Later it will be necessary to make a change in the material of the fifth and sixth grades and add the two books in this series available for fifth and sixth grades. I believe this series to be the most advanced course available for song singing in the public schools, covering almost every condition found in the teaching of music.

Permit me to express my appreciation for the co-operation given by all members of the School Department.

Sincerely yours,

FREDERICK A. TAYLOR,

*Supervisor of Music.*

### Manual Training.

All the power of description a teacher may possess counts but little beside the actual sight of the thing described.

Acting on this principle and in accordance with the course laid out in Manual Training, the High School class in woodworking was taken in the fall to visit a finely equipped plant where the very latest types of machines were turning out house finish, cabinet work and some built-in furniture.

It is probably as complete a plant as exists around Boston, and the boys enjoyed the trip and learned much that was new to them.

Hand work may seem a slow and laborious method after such a visit, but it is still true that the man or woman skilled at it is equipped for meeting many an emergency where one is far from shop or mill, as were their forefathers.

The smaller boys are showing great interest and have already accomplished some of their pet ambitions.

It is a pleasure to work with such earnest toilers.

The work in Mechanical Drawing has improved greatly since the opening of the year, and the boys are now being given practical work such as they might encounter in the draughting office.

May I again express my appreciation of the very helpful co-operation of all in authority.

PHILIP E. PERRY,

*Instructor, Manual Training.*

### Drawing.

TO THE CHAIRMAN OF THE SCHOOL COMMITTEE:

The work in drawing and manual art the past year has been of interest to the pupils, and the results have been most satisfactory.

We teachers of art realize that we are not to make artists, but to help and work with the pupils so as to make them keenly interested in all they see, seeking ever for beauty in everything.

Drawing is a natural instinct in children, so they must be encouraged to draw naturally, not only what they see, but also use the other senses, touch and sound, and thus gain more definite pictures; for then interest comes and finer observation is developed.

The work has followed the general outline, correlated with the other subjects.

The poster work, including the study of lettering, space division, designing, and color, has covered the subjects of Prize Speaking and the Dramatics, Grange Fair, Book Week, Safety First and Humane Week. Three pupils sent their posters to the Society for the Prevention of Cruelty to Animals and received medals and honorable mention.

Now, any pupil in the High School or Junior High may work for a money prize offered by the banks of Massachusetts for thrift posters.

I am always glad to offer suggestions and criticism of work submitted, and encourage pupils to enter contests, not for the money end, but for the development of talent.

The classes are large this year, but I try to present the lessons so as to hold the attention of the pupils and then where I have forty-five or fifty pupils, give a few seconds to each pupil in general criticism. There is one advantage in large classes — the pupils can never say, "Oh, teacher did that!"

Some of the High School pupils have enjoyed making sketches on the blackboards of the Primary and Grammar rooms, giving pleasure to the younger pupils and also gaining confidence and technique.

I have encouraged pupils to sketch at home and bring their work for my criticism, and often I have given paper and color so they may make an enlarged drawing for Parents' Day.

I would be glad to hear from all parents who read this report, if they have children who have taken or are taking higher education in art work in College, Normal School, Art School, or Schools of Design or Commercial Art or Correspondence Courses in Art.

This year drawing counted in an entrance to a college, and I shall follow this pupil with interest.

I have held the usual conferences with the Primary and Grammar teachers and visited the North School once in three weeks.

SARAH ELIZABETH JEWETT.

## Report of the School Physician.

TO THE CHAIRMAN OF THE SCHOOL COMMITTEE:

The routine physical examinations were completed before Christmas. The Schick testing and the administration of toxin-antitoxin against diphtheria were done in January and February of this year. The Monday morning inspection of every pupil continues as in previous years.

Respectfully,

F. VAN NUYS, M.D.,  
*School Physician.*

## REPORT OF THE SWIMMING POOL COMMITTEE.

---

WESTON, February 1, 1927.

TO THE BOARD OF SELECTMEN:

*Gentlemen,* — The Committee in charge of the Swimming Pool report as follows:

Except for the customary small troubles the season has been uneventful and successful. The property is now in reasonably good condition, and such repairs as were needed to keep it so were made. Mr. Frederick Anderson, Miss Frances Clarke and the ever-faithful Mrs. Tozier were in charge. A report of Mr. Anderson is appended.

Yours truly,

CHARLES M. EATON.  
WM. R. DEWEY, JR.  
EUNICE BASSETT.

TO THE SWIMMING POOL COMMITTEE OF WESTON:

I am pleased to report that the summer of 1926 was a pleasant and successful one. The total attendance was 2,740, of which 1,258, or 46 per cent, were girls, and 1,482, or 54 per cent, were boys and men.

Several minor changes in the heating equipment were made during the summer aiding materially in the heating of water for showers. There remains one thing which I recommend be done in preparation for the coming season. The bottom of the tank should be repainted, as the present surface is badly flaked off in spots, making it difficult to keep clean and giving a dirty appearance which is contrary to fact.

Respectfully submitted,

FREDERICK ANDERSON.

## REPORT OF THE PARK COMMISSIONERS.

---

The Park Commissioners submit the following report for the year ending December 31, 1926:

The Board organized by the election of Arthur L. Coburn as Chairman and Benjamin S. Blake as Secretary.

William J. Bartlett, as heretofore, has had the care of the Town Common and Soldiers' Field.

No part of the Park Land along the Charles River was under cultivation this year. The grass was sold and the proceeds added to the Park Fund.

At a special Town Meeting held on Wednesday, June second, the Town voted that the Park Commissioners be authorized to acquire, by purchase or otherwise, a certain tract of land belonging to George H. D. Lamson, bordering on the Town House lot and Town House Road. Your Board has interviewed Mr. Lamson in regard to this matter.

In June we purchased from the American Vault Works, Inc., of Forest Park, Illinois, two substantial benches for the Town Common.

Four lights are now being installed to light the path across the Town Common.

We recommend an appropriation of \$1,000 for the ensuing year.

ARTHUR L. COBURN,  
BENJAMIN S. BLAKE,  
HARRY L. BAILEY,

*Park Commissioners.*

## REPORT OF THE TRUSTEES OF THE PUBLIC LIBRARY.

---

The Trustees of the Public Library of the Town of Weston submit their report for the year 1926 as follows:

The announcement by Rev. Palfrey Perkins of his intended removal from Weston was received with peculiar regret by his associates on the Board of Trustees. Not only did we regret the termination of an association which his courtesy and friendliness had made an exceedingly pleasant one, but we felt that the Library and the Town would suffer a real loss in his withdrawal from the Board of Trustees. Mr. Perkins' ideals for the Library were high, and his culture and good judgment enabled him to work effectively for it. The administration of a Town library with a limited income in a community such as Weston presents constantly recurring problems in connection with the selection of books for it. Its patrons have varying tastes, their interests cover a wide field, and it is impossible to satisfy all of their reasonable requests. A general policy must be adopted. Some proportion between books of temporary interest and those of more permanent value must be maintained. This means that the books offered must be appraised and valued, book by book. There is a great deal of drudgery in such work. Mr. Perkins performed it conscientiously and with rare judgment and taste. Our Library is a much better one by reason of his efforts in its behalf. We are sure that it is the desire of the Town that public expression of its appreciation of his services to the Library be made.

One of the perennial problems of the Library has been that of making it of service to pupils in the High School. In the past we have received many helpful suggestions from teachers, but there has been no systematic co-operation. With this need of the Library in mind the Trustees have asked the Selectmen to appoint Mr. Eaton, the principal of the High School, and more familiar with its needs than any other person, to the Board of Library Trustees to serve in the place of Mr. Perkins until the next annual election, and Mr. Eaton has consented so to do. It is our hope to work out a plan which will make the Library a part of the facili-

ties of the High School and will avoid some duplication of expenditure for books.

We recommend that the Kendal Green Branch of the Library be discontinued. It is found that the residents of this part of the Town prefer to go to the main Library for their books. The attendance at the branch Library and the withdrawal of books therefrom have constantly dwindled. Some afternoons not more than a dozen books are taken out. Miss Gore, who has been in charge of it the greater part of the time during which it has been carried on, recommends its discontinuance, and the Board of Trustees, upon consideration of her recommendation, which is endorsed by Miss Pennock, have decided to adopt it, and to suggest to the Town that it be discontinued from and after the next Town meeting.

The Librarian reports to the Trustees that during the last few years there has been a change in the character of the demand for books. Fiction is not sought to anything like the same extent that it was before the war; there is a considerable demand for religious books; books relating to postwar conditions in Europe and in our own country are much read, and biographies and works of travel, with which the Library is well supplied, are taken out in considerable number, and patrons of the Library have expressed approval of our policy of specializing somewhat in these lines. We are glad to be able to make this report to the Town because we believe that these facts demonstrate that the Library is becoming of more and more value to the community which it seeks to serve.

The children's room has had a very successful year. A large group of children use it regularly, and over six hundred volumes more were taken out by them during the year 1926 than were withdrawn by them during the year 1925. Every stranger who visits this Library expresses surprise at and admiration for it. If there are any parents in Town who are not familiar with it we suggest that they visit it and talk with the Librarian in charge about its work.

We have asked the Selectmen to insert in the Warrant for the Annual Town Meeting an article relative to the construction of a path along the two inner sides of the Library lot; this primarily for the purpose of withdrawing the children using the Library from the automobile hazard which exists at the corner of Central Avenue and School Street. The suggestion is that a sidewalk

starting at about the swimming pool be carried along the left-hand side of School Street as one faces toward Central Avenue until the Library lot is reached, and then carried along the lower side of the Library lot toward the corner and to the walk which extends from Central Avenue to the entrance to the children's room. We believe that such a walk would not interfere with the appearance of the lot, and would make for the safety of the children using the Library, and also prove to be a convenience and a protection to townspeople having occasion to use School Street in going to and from the new business center of the Town.

We recommend that the Town appropriate for salaries and the maintenance of the Library the same sum which it granted last year, *i.e.*, \$6,000.

Respectfully submitted,

LOUISA W. CASE,  
ARTHUR T. JOHNSON,

*Trustees of the Weston Public Library.*

## WESTON BOARD OF HEALTH,

F. VAN NUYS, *Chairman.*

F. ALLISON, *Secretary.*

GEORGE FABER.

## ANNUAL REPORT OF THE AGENT OF THE WESTON BOARD OF HEALTH.

### Foreword.

The health report generally consists of compilations of figures on the occurrence of disease in the community. It is the only means by which a health officer can measure his work, but at its best its expression is only negative. No figures can show the number of lives saved; the number of epidemics averted; nor can they show the vigor and enjoyment of life which a community has the right to enjoy. Consternation is caused by the outbreak of an epidemic, but the stopping of one passes by unnoticed.

### Diseases Dangerous to Public Health.

The total cases of infective diseases were 96 for the year just ended. This figure is ten higher than last year. Table No. I shows the monthly incidence of the various diseases, and Table No. II shows the occurrence of the same diseases over a ten-year period.

### **Diphtheria.**

For the first time in many years Weston has gone through the year without a single case of diphtheria being reported. It would seem that the work of immunizing school children against this disease can at least assume some of the responsibility for the reduction in the occurrence of the illness. More and more cities and towns are taking up this kind of work (which in the opinion of the writer is one of the most important functions of the board of health work), and it seems reasonable to suppose that in the course of a few years, if the work is faithfully carried out, diphtheria should be a rarity among infectious diseases. Such a Utopian condition is almost unbelievable.

### **Scarlet Fever.**

The last half of the year showed an increase over the first half in the number of scarlet fever cases reported. Eight of the thirteen cases came in the fall and winter months. No fatalities were caused by this infection. This disease has been very prevalent throughout the State during the past year.

### **Typhoid Fever.**

The four cases of typhoid fever occurred on an infected milk route which supplied eleven Weston families. The State Department of Health informed the writer that the dealer in question was supplying milk to the above group. Immediate investigation revealed only one suspicious case, which the laboratory later proved to be real typhoid. The other three cases developed shortly after the investigation. No doubt as to milk being the infective agent existed, as the complete history of the infective carrier employed on the farm in question was known to the State Department of Health. This same milk supply caused outbreaks of the disease in other towns.

### **Measles.**

Measles added 28 cases to the records. Most of the reports came in the first half of the year.

### Laboratory.

The examinations made by the laboratory are summarized as follows:

Cultures . . . . .	7
Widal . . . . .	2
Sputa . . . . .	2
Gonorrhoea . . . . .	2
Special . . . . .	1
	—
Total for the year . . . . .	14

### Milk.

The results of the milk analyses have been tabulated in the appended tables. During the year two dairies selling milk in Weston have qualified by laboratory tests to label their milk Massachusetts Grade A.

### Complaints.

The action taken by the Agent in the complaints received by this Department have been covered in the Agent's monthly report to the Board.

### Schick Test.

As has been the custom in the past years, the Agent has aided the School Physicians in the work of immunizing the school children against diphtheria.

The Agent wishes to call attention of the Board to the report of the Plumbing Inspector and the Inspector of Slaughtering.

Respectfully,

H. E. BERGER, JR.,  
*Agent, Weston Board of Health.*

## REPORT OF INSPECTOR OF SLAUGHTERING.

### BOARD OF HEALTH, WESTON, MASS.:

*Gentlemen,* — During the year there was not a single demand for the inspector to pass on slaughtered animals.

Respectfully,

HARRY E. BERGER, JR.,  
*Inspector of Slaughtering.*

## REPORT OF PLUMBING INSPECTOR.

TO THE BOARD OF HEALTH OF THE TOWN OF WESTON:

*Gentlemen,* — I have the honor of presenting to you for your approval my report as Inspector of Plumbing for the year ending December 31, 1926.

The new Building Laws of the Town of Weston, which include regulations for the construction of all systems of plumbing within the Town, and which were put into operation a short time after their adoption at the Annual Town Meeting held March 22, 1926, have proved most satisfactory and are a decided improvement over the old ordinance. The septic tank method of sewage disposal, which is now required, has many acknowledged advantages over the old-fashioned cesspool which, up to this time, has prevailed within the Town. The new regulations have increased the work required of this Department, and a fee of \$2.50 is now charged for a permit for plumbing construction in a new building and \$1 is charged for an alteration permit.

During the year there were 52 permits issued. Fifty-three and one-half dollars were collected for permits, and this amount was paid to the Town Treasurer.

Appended is a table which shows the work of the Department in detail.

Very respectfully,

THOMAS F. HARRIS,  
*Inspector of Plumbing.*

## SUPPLEMENTAL REPORT OF BOARD OF HEALTH.

---

WESTON, January 27, 1927.

BOARD OF SELECTMEN, WESTON, MASS.:

*Gentlemen,* — At a special meeting of this Board it was voted to adopt the inclosed regulations. It is earnestly hoped that it will be possible to have the same printed in the Town Report for the year 1926, as such action will mean that a copy will be in the hands of every citizen of the Town.

Respectfully,

WESTON BOARD OF HEALTH,

By H. E. BERGER, JR.,  
*Agent.*

5. It is recommended that at least 2 negative cultures from both stool and urine be obtained in all cases. Cultures should be taken at least a week apart.

## REPORT OF WESTON PLANNING BOARD.

---

During the past year the Planning Board has drafted a Zoning By-Law which, with its accompanying plan, is printed in the Town Report. The Board recommends the adoption of this By-Law.

The Board has considered, with Mr. Arthur A. Shurtleff, general plans for the future development of the Town, particularly in relation to the extension of its highways. The Board is not ready to submit its report upon these general matters, but hopes to be able to present it next year.

FREDERICK H. NASH,  
*Chairman.*

### By-Laws of the Town of Weston.

#### ARTICLE VII.

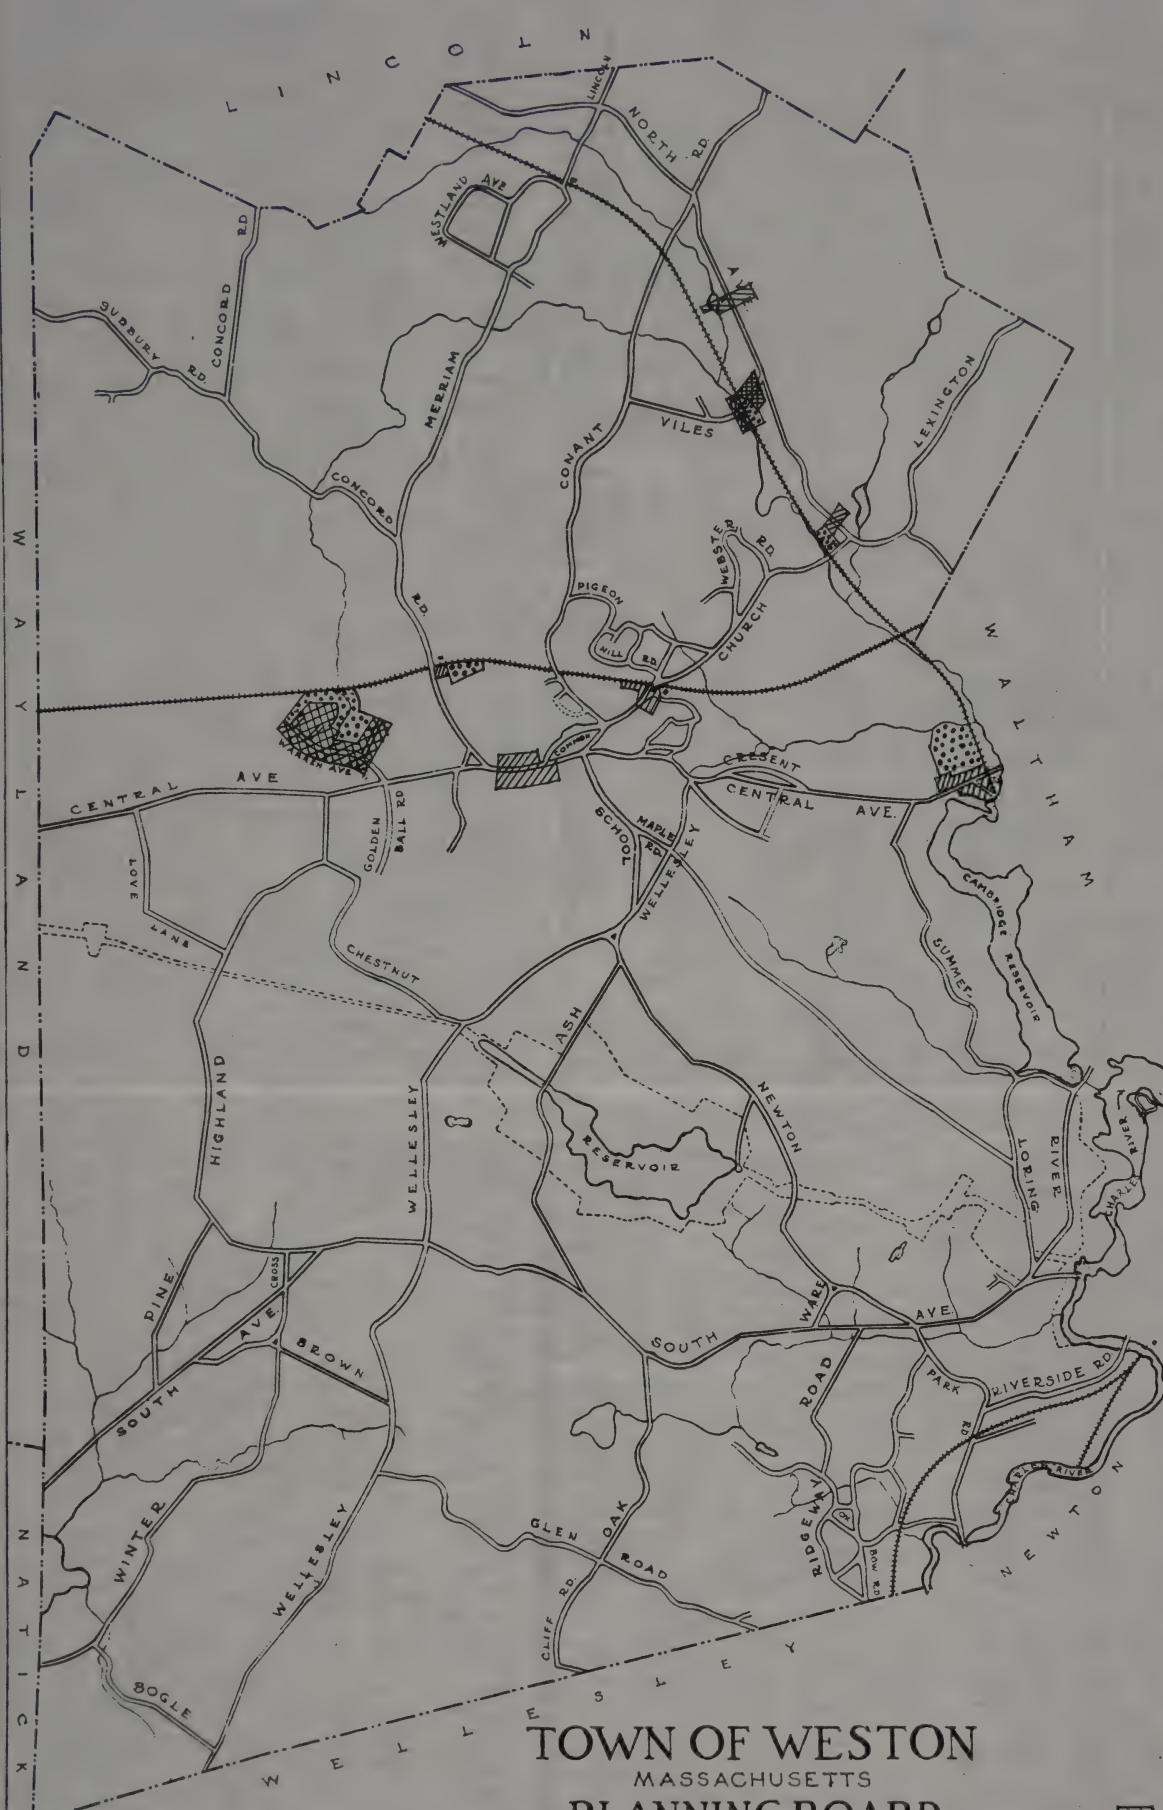

#### ZONING BY-LAW.

##### Preamble.

To promote the health, safety, morals, convenience and general welfare of its inhabitants, to lessen the danger from fire, congestion and confusion, and to improve and beautify the town under and pursuant to the provisions of General Laws, Chapter forty, Sections twenty-five to thirty inclusive, Chapter ninety-three, Section twenty-nine, Chapter one hundred eleven, Section one hundred forty-three, Chapter one hundred forty-three, Section three and all acts in amendment thereto or in addition thereto, the use, construction, repair and alteration of buildings or structures and the use of premises in said town are hereby restricted and regulated as hereinafter provided.

SECTION 1. *Establishment of Districts.* For the purposes of this by-law, the Town of Weston is hereby divided into four classes of districts to be known as —

1. Single residence districts,
2. General residence districts,
3. Business districts,
4. Industrial districts,

### Use Regulations.

SECTION 2. *Single Residence Districts.* In the single residence districts no building or structure, or part thereof, shall be constructed, altered, enlarged, reconstructed, or used and no premises shall be used for —

A. Any industry, trade, manufacturing, or commercial purpose; or for —

B. Any purpose except one or more of the following specified uses:

1. Single family detached house;
2. Church, public school, or other public use;
3. Telephone Exchange, provided there is no service yard or garage; and provided permission is obtained from the Selectmen;
4. Club, except a club the chief activity of which is a service customarily carried on as a business;

5. Farm, market garden, nursery, or greenhouse, including the sale of natural products raised upon the premises, but not at roadside stands;

6. Such accessory uses as are customary in connection with the foregoing uses and are incidental thereto, including a private garage, a private stable, and customary farm buildings;

7. The office of a doctor, dentist or other member of a recognized profession; a teacher residing on the premises; provided there is no display or advertising except a professional name plate of not more than one square foot area;

8. Customary home occupations, such as dressmaking and millinery, taking as lodgers or boarders not more than five persons not members of the family residing therein, such occupations to be conducted by resident occupants only;

Provided there is no display or advertising, except a sign of not more than one square foot area;

9. Real estate signs referring only to the premises upon which they are located, and having a surface not exceeding nine square feet.

SECTION 3. *General Residence Districts.* In the general resi-

dence districts, no building or structure, or part thereof, shall be constructed, altered, enlarged, reconstructed, or used and no premises shall be used for —

A. Any industry, trade, manufacturing, or commercial purpose; or for —

B. Any purpose except one or more of the following specified uses:

1. Any purpose authorized in the single residence districts;
2. Double or semi-detached house, consisting of two adjoining single family houses, in which no room belonging to either house is situated over or under any room in the other house;
3. Boarding or lodging house;
4. Such accessory uses as are customary in connection with the foregoing uses and are incidental thereto, including a group garage;
5. The following additional uses, if permission is obtained in each specific case from the Selectmen, under the conditions provided in Section 18:

(a) Public or semi-public institution of a philanthropic, charitable, or religious character, but not a correctional institution;

(b) Hospital, sanitarium, or other medical institution;

(c) Such accessory uses as are customary in connection with the foregoing uses and are incidental thereto.

SECTION 4. *Business Districts.* In the business districts, no building or structure, or part thereof, shall be constructed, altered, enlarged, reconstructed, or used and no premises shall be used for —

A. Any purpose except one or more of the following specified uses:

1. Any purpose authorized in the single residence or general residence districts; or any purpose which may be permitted in the general residence districts by the Selectmen, without requiring such permission, unless the same is necessary under the provisions of some other by-law or otherwise required by law;

2. Hotel, restaurant or other eating place;

3. Office, bank or other monetary institution;

4. Theater, hall, club, or other place of amusement or assembly;

5. Public or semi-public building;

6. Store, salesroom, or showroom, for the conduct of retail business;

7. Business garage, business stable, public garage, public stable, gasoline filling station, service station or garage repair shop, but not a motor vehicle repair shop;

8. Any other retail business or service not involving manufacturing;

9. Any additional use which the Selectmen may permit in a specific case, under the provisions provided in Section 18, provided they find the additional use is similar to one or more of the uses previously authorized by this section, and that it would not substantially reduce the value of any property within the district, nor otherwise be injurious, obnoxious, or offensive to the neighborhood.

B. In addition to the foregoing uses, such industry, trade, and light manufacturing may be carried on in any building or structure or on any premises as are customary and reasonably necessary in connection with such uses as are authorized herein or are permitted by the Selectmen, and are incidental to the primary use; provided that —

1. No industry, trade, or manufacturing shall be carried on in a business district which is —

(a) Prohibited or not authorized in the industrial districts; or would be —

(b) Injurious, obnoxious, or offensive to a neighborhood by reason of noise, vibration, smoke, cinders, odor, gas, fumes, dust, chemicals, or other objectionable feature; or would be —

(c) Dangerous to a neighborhood through fire, explosion, or for any other cause.

SECTION 5. *Industrial Districts.* In the industrial districts, buildings or structures may be constructed, altered, enlarged, reconstructed, or used and premises may be used for —

A. Any purpose authorized in the single residence, general residence, or business districts, or for any purpose which may be permitted in such districts by the Selectmen, without requiring such permission unless the same is necessary under the provisions of some other by-law or otherwise required by law;

B. Any industry, trade, manufacturing, or commercial purpose not otherwise prohibited by this section or by any law or other by-law of the town, including any bill-board, sign or other advertising device, provided it satisfies the requirements of the Rules and Regulations of the Division of Highways of the Commonwealth in respect to size, location and construction;

C. Except that no building or structure, or part thereof, shall be constructed, altered, enlarged, reconstructed, or used and no premises shall be used for any purpose which would be injurious, obnoxious, or offensive to a neighborhood by reason of smoke, cinders, odor, gas, fumes, dust, chemicals, or other objectionable feature, or dangerous to a neighborhood through fire, explosion, or any other cause.

SECTION 6. *Restrictions Affecting All Districts.* No building or structure, or part thereof, shall be constructed, altered, enlarged, reconstructed, or used and no premises shall be used in any part of the town, any provision of this by-law notwithstanding —

A. For any purpose which, by the emission or discharge of fumes, vapor, gas, dust, offensive odors, chemicals, poisonous fluids or substances, refuse, the causing of noise or vibration, or by unduly increasing the risk from fire or explosion, or otherwise would be dangerous to the public health or safety;

B. For any purpose harmful to the public morals;

C. For any purpose which would be for any reason injurious to the health, safety, morals or welfare of the community or harmful to property therein.

SECTION 7. *Non-Conforming Buildings, Structures, and Uses.* This by-law shall not apply to existing buildings or structures nor to the existing use of any building or structure, but it shall apply to any alteration of a building or structure to provide for its use for a purpose, or in a manner, substantially different from the use to which it was put before alteration.

SECTION 8. *Public Service Corporations.* A building used or to be used by a public service corporation may be exempted from the operation of this by-law if, upon a petition of the corporation, the Department of Public Utilities shall, after a public hearing, decide that the present or proposed situation of the building in question is reasonably necessary for the convenience and welfare of the public.

#### **Height Regulations.**

SECTION 9. *All Districts.* No building or structure, or part thereof, shall exceed a height of three stories, except that this limitation shall not apply to roofs, to towers, spires, domes, cupolas, and other ornamental features, or to chimneys, ventilators, skylights, tanks, bulkheads, penthouses, or other accessory features which are required above roofs.

The Selectmen acting under Section 18 may exempt a building from the operation of this section under such conditions and restrictions as they may impose.

#### Area Regulations.

SECTION 10. *Setback Distance: All Districts.* No building or structure shall be constructed, altered, enlarged, reconstructed, or moved so that any part, except uncovered steps, is less than forty-five feet distant from the center line of any street or private way; provided that the Selectmen, under the provisions of Section 18, may give permission for a lesser distance to be used in specific cases where restricted lot dimensions, unfavorable topography of the ground, or other conditions, would make it impossible, difficult, or unreasonably expensive to adhere to the distance required by this section.

SECTION 11. *Definition and Minimum Area of Lot.* A lot is the whole area of a single parcel of land under one undivided ownership, whether the tenure be several, joint, common or by the entirety. When such a parcel is divided on a plan filed at the Registry of Deeds, the term "lot" shall mean a lot as shown on such plan, irrespective of ownership.

Every lot hereafter laid out in the single residence or general residence districts shall contain not less than ten thousand square feet.

SECTION 12. *Single Residence Districts.* A. In the single residence districts, no building or structure, or buildings or structures on any one lot, including garages, stables, and all accessory buildings or structures, shall be constructed, altered, enlarged, or reconstructed so as to occupy at the level of the first floor more than forty per cent of the area of the lot, nor, at the level of the second floor, more than twenty-five per cent of the area of the lot.

B. No building or structure shall be constructed, altered, enlarged, reconstructed, or moved so as to be less than fifteen feet from the line of every adjoining lot, or less than fifteen feet from the street line of any street or private way.

SECTION 13. *General Residence Districts.* A. In the general residence districts, no building or structure, or buildings or structures on any one lot, including garages, stables, and all accessory buildings or structures, shall be constructed, altered, enlarged, or reconstructed so as to occupy at the level of the first floor more

than fifty per cent of the area of the lot, nor, at the level of the second floor, more than thirty-five per cent of the area of the lot.

B. No building or structure shall be constructed, altered, enlarged, reconstructed, or moved so as to be less than fifteen feet from the line of every adjoining lot, or less than fifteen feet from the street line of any street or private way, except in the case of a double or semi-detached house, where the dividing wall between two adjoining single family houses may be located on the lot line.

SECTION 14. *Business and Industrial Districts.* A. In the business and industrial districts, no building or structure, or buildings or structures on any one lot, including garages, stables, and all accessory buildings and structures, shall be constructed, altered, enlarged or reconstructed so as to occupy at the level of the first floor more than fifty per cent of the area of the lot.

B. No building or structure shall be constructed, altered, enlarged, reconstructed or moved so as to be less than fifteen feet from the boundary line of a single residence or general residence district, except in the case of a double or semi-detached house where the dividing or party wall between two adjoining houses may be located on the lot line, or less than ten feet from the street line of any street or private way.

SECTION 15. *Reduction of Lot Area.* A. No building or structure in any district shall be constructed, altered, enlarged, reconstructed, or moved and no lot on which is located any building or structure shall be reduced in area so that the distances from lot lines and street lines shall be less than the distances required under Sections 12, 13, and 14, or so that the percentage of lot area occupied at the level of any floor shall exceed the percentage permitted under Sections 12, 13, and 14.

B. The provisions of this section shall not apply in the case of a lot a portion of which is to be taken for a public purpose, where no building or structure is to be constructed or located on the portion of the lot to be taken.

SECTION 16. *District Boundaries.* The location of the boundary lines shown upon the zoning map which accompanies and is a part of this by-law shall be determined as follows:

1. Where the boundary lines are shown upon the map within the street lines of public or private streets or ways, the center lines of such streets or ways shall be the boundary lines.

2. Where the boundary lines are shown approximately on the location of property or lot lines, and the exact location of such boundary lines is not indicated by means of figures, distances, or otherwise, then the property or lot lines shall be the boundary lines.

3. Boundary lines located outside of street lines and shown approximately parallel thereto, shall be regarded as parallel to such street lines; and figures placed upon the map between such boundary lines and the street lines shall be the distances in feet of such boundary lines from the street lines, such distances being measured at right angles to the street lines unless otherwise indicated.

4. In all cases which are not covered by the provisions of this section, the location of boundary lines shall be determined by the distances in feet, if given, from the other lines upon the map, or, if distances are not given, then by the scale of the map.

5. Wherever any uncertainty exists as to the exact location of a boundary line, the location of such line shall be determined by the Inspector of Buildings.

SECTION 17. *Definitions.* The following terms, when used in this by-law, shall have the meanings respectively given them:

1. **Private Garage:** A private garage is a building or structure, or part thereof, in which one or more motor vehicles, belonging to not more than two persons, one of whom, at least, is the owner or a tenant of the premises, one of which motor vehicles may be a commercial vehicle of not more than one and one-half tons weight or capacity, are kept solely for the private or professional use of their owner, and in which garage no space is rented out for a commercial vehicle nor to more than one person other than the owner or a tenant of the premises.

2. **Private Stable:** A private stable is a building or structure, or part thereof, in which one or more horses, belonging to not more than two persons, one of whom, at least, is the owner or a tenant of the premises, are kept solely for the private or professional use of their owner, and in which stable no space is rented out to more than one person other than the owner or a tenant of the premises.

3. **Group Garage:** A group garage is a building or structure, or part thereof, other than a private garage, or a group of private garages or other buildings or structures, in which motor vehicles are stored and taken care of by their respective owners, who are

either owners or tenants of the space in which their motor vehicles are stored, all of which motor vehicles are solely for the private and professional use of their owners, no person storing more than one commercial vehicle in the space which he owns or rents, nor a commercial vehicle of more than one and one-half tons weight or capacity, nor one owned by anyone except himself. A group garage shall not be capable of housing more than four cars.

4. Business Garage: A business garage is a building or structure, or part thereof, in which one or more motor vehicles, belonging to the owner or a tenant of the premises, are kept for the use of such owner or tenant, for the carrying of loads other than passengers for profit, for any work in connection with the business of the owner of such motor vehicles, which may be kept for sale, for exhibition or demonstration purposes, but not for hire. A sales-room or showroom for motor vehicles in which any vehicle is kept with gasoline in its tank, shall be regarded as a business garage, and also any building in which motor vehicles are kept in dead storage for profit.

5. Business Stable: A business stable is a building or structure, or part thereof, in which one or more horses, belonging to the owner or a tenant of the premises, are kept for the use of such owner or tenant, for the carrying of loads other than passengers for profit, for any work in connection with the business of the owner of such horses, which may be kept for sale, but not for hire.

6. Public Garage: A public garage is any building or structure, or part thereof, in which motor vehicles are kept in live storage for profit, for the carrying of passengers for profit, for hire, or for any other purpose not included in the definition of a private garage, group garage, or business garage.

7. Public Stable: A public stable is any building or structure, or part thereof, in which horses are kept for profit, for the carrying of passengers for profit, for hire, or for any other purpose not included in the definition of a private stable or a business stable.

8. Gasoline Filling Station: A gasoline filling station is a building or structure, or part thereof, used in connection with tanks, pumps, and other appliances, for supplying motor vehicles with gasoline, compressed air, oil, water, and similar supplies, for profit, but not for the purpose of making repairs.

9. Service Station: A service station is a building or structure, or part thereof, used for supplying accessories to or parts of motor

vehicles for profit, with facilities for making minor changes and adjustments to motor vehicles, but not structural changes or repairs, nor doing work involving the use of machinery.

10. **Garage Repair Shop:** A garage repair shop is a part of a public garage where only minor structural repairs are made to motor vehicles for profit, by means of lathes, vises, hand or foot operated machinery, and other appliances, but not by means of heavy machinery.

11. **Motor Vehicle Repair Shop:** A motor vehicle repair shop is a building or structure, or part thereof, in which major structural repairs are made to motor vehicles, or a repair shop in a garage or other building or structure in which heavy machinery is used or acetylene or electric welding is done. An automobile school shall be regarded as a motor vehicle repair shop.

12. **Non-Conforming Building or Structure:** A non-conforming building or structure is a building or structure the use of which, in whole or in part, does not conform to the use regulations of the district in which the building or structure is located.

13. **Non-Conforming Use:** A non-conforming use is a use in any building or structure, or on any premises, which use does not conform to the use regulations of the district in which such use exists.

**SECTION 18. *Permission of the Selectmen.*** A. Any person or persons desiring to obtain the permission of the Selectmen for any purpose for which permission is required under the provisions of this by-law, shall make application in writing to the Selectmen, who shall hold a public hearing on the application within twenty days after the receipt thereof, and render a decision within twenty days after the hearing. They may make such rules and regulations as they deem necessary for a proper disposition of applications, and shall see that adequate notice of any hearing is given to the public and to the owners of all real estate within one thousand feet in any direction from the property to which the application relates, and to all other persons who, in their opinion, might be affected by their decision.

B. No permission shall be granted unless the Selectmen, after consideration of each case, make a written finding, to be filed with their records, that the proposed use will not substantially reduce the value of any property within the district and will not otherwise be injurious, obnoxious, or offensive to the neighborhood; and, in

granting any permission, the Selectmen may impose such reasonable conditions as they deem necessary for the protection of adjoining owners and the neighborhood.

SECTION 19. *Execution.* A. The Inspector of Buildings shall execute the provisions of this by-law, except where otherwise provided.

B. No building or structure shall be constructed, altered, enlarged, reconstructed, raised up, or moved and the use of any building, structure, or premises shall not be changed to a use prohibited in a district until a permit has been obtained from the Inspector of Buildings, which permit shall not be issued unless the proposed building or structure, or use or change of use of any building, structure, or premises will comply in every way with the provisions of this by-law.

SECTION 20. *Appeals.* A. Within thirty days after this by-law takes effect, the Moderator shall appoint three residents of the town to be a Board of Appeal, one person for a term of one year, one for a term of two years, and one for a term of three years from the first day of April following, and thereafter shall appoint one member annually to serve for a term of three years, beginning with the first day of April, or until his successor is appointed. One member of the Board shall be an architect, engineer, or builder, and one shall be a lawyer. Vacancies shall be filled as provided by law. If any member of the Board is personally interested in any case before the Board, he shall not pass on the case, and a substitute shall be appointed in the manner in which vacancies are filled by law.

B. Any person aggrieved by the refusal of the Inspector of Buildings to issue a permit on account of the provisions of this by-law, or any person aggrieved by the issuance of a permit or by any decision, ruling, or order of the Inspector of Buildings, or of the Selectmen, may appeal to the Board of Appeals by giving the Board and the Inspector of Buildings and the Selectmen notice in writing within ten days from the date of the action appealed from. The Board shall see that adequate notice is given to all persons who, in their opinion, might be affected by their decision, shall hold a public hearing, and shall render a decision within ten days from the date of the hearing. The Board shall affirm, annul, or modify the refusal to issue a permit, the decision, ruling, or order appealed from.

C. The Board of Appeal may vary the application of this by-law in specific cases where its enforcement would involve practical difficulty or unnecessary hardship and wherein desirable relief may be granted without substantially derogating from the intent and purpose of the by-law, but not otherwise. No such variance shall be authorized except by the unanimous decision of the entire membership of the Board, rendered upon a written petition addressed to the Board and after a public hearing thereon, of which notice shall be mailed to the petitioner and to the owners of all property deemed by the Board to be affected thereby as they appear on the most recent tax list, and also advertised in a newspaper published or circulating in the town. The Board shall cause to be made a detailed record of all its proceedings relative to such petition, which record shall set forth the reasons for its decision, the vote of each member participating therein and the absence of a member or his failure to vote. Such record, immediately following the Board's final decision, shall be filed in the office of the Town Clerk and shall be open to public inspection, and notice of such decision shall be mailed forthwith to each party in interest as aforesaid.

D. No permit shall be issued or action taken in a matter on which an appeal is pending until after the Board of Appeal has rendered its decision.

E. The Board of Appeal may grant a permit for a temporary building incidental to the development of a neighborhood, such permit to be for not more than one year and only upon application accompanied by a bond to the Town conditioned upon removal of the building prior to the expiration of the permit. Such permit may be renewed by the Board for successive periods of not more than one year each.

SECTION 21. *Enforcement.* A. If the Inspector of Buildings shall be informed, or have reason to believe, that any provision of this by-law or of any permit or decision thereunder has been, is being, or is about to be violated, he shall make or cause an investigation to be made of the facts, including an inspection of the premises where the violation may exist, and, if he finds any violation, he shall give immediate notice in writing to the owner or his duly authorized agent and to the occupant of the premises, and shall order that any violation of the provisions of this by-law shall immediately cease.

B. If, after such notice and order, such violation continues, or if any owner, agent, or occupant fails to obey any lawful order of the Inspector of Buildings with respect to any violation or any use contrary to the provisions of this by-law, the Inspector of Buildings shall forthwith revoke any permit issued in connection with the premises, shall make complaint to the Superior Court or any court of competent jurisdiction for an injunction or order restraining the violation, and shall take such other action as is necessary to enforce the provisions of this by-law.

SECTION 22. *Repeal or Modification.* A. Neither this by-law, nor any amendment thereof, nor the boundary lines of the districts, nor the zoning map shall be repealed or modified except by a two-thirds vote of a town meeting called for the purpose.

B. It shall be the duty of the Planning Board to consider every article in any warrant for a town meeting relating to any repeal or modification; to hold a public hearing thereon, public notices of which shall have been given; and thereafter to report to the town meeting with its recommendations.

C. No action shall be taken under any such article unless the report of the Planning Board shall have been made thereon; provided that, if the Planning Board does not make a report upon any such article at any meeting called for the purpose of acting thereon, action may be taken upon the article, without such report, at an adjourned session of the meeting, to be held not less than seven days thereafter.

SECTION 23. *Existing By-Laws not Repealed.* Nothing contained in this by-law shall be construed as repealing or modifying any existing by-law or regulation of the Town, but shall be in addition thereto; and if this by-law imposes greater restrictions upon the construction, alteration, enlargement, reconstruction, raising up, moving, or use of buildings or structures or on the use of premises than other by-laws or provisions of law, such greater restrictions shall prevail.

SECTION 24. *Invalidity.* The invalidity of any section or provision of this by-law, or of any boundary line, or of any district or part thereof as laid down upon the zoning map, shall not affect the validity of any other section or provision of the by-law, or of any boundary line, or of any other district or part thereof as laid down upon the zoning map.

## REPORT OF THE INSPECTOR OF BUILDINGS.

---

### BOARD OF SELECTMEN:

*Gentlemen,* — The Building Inspector respectfully submits the following report for the year ending December 31, 1926.

The Building Laws adopted at the Annual Town Meeting last March went into effect on May 11. Since that date fifty-five permits were issued, nineteen of which were for new dwellings and eleven for alterations or additions to existing dwellings, the estimated valuation of which was \$306,865. The fees collected were \$130.

I recommend amending the Building Laws, being Article VI of the Town By-laws, as follows:

Section 8, line 3, add the words "except a garage" after the word "building," so that it will read: "SECTION 8. No wooden building, to be used for a dwelling house, shall exceed forty feet in height, and no portion of any wooden building, except a garage, shall be placed at a less distance than fifteen feet from the line of the lot upon which the building is to be located, or within thirty feet of another wooden building, except where a brick or other fire-resisting wall is substituted for a wooden wall, and of a thickness and in the manner prescribed for external walls of brick buildings."

Section 15, lines 1 and 4, change the words "twenty" to "twenty-eight," so as to read: "SECTION 15. In buildings which are twenty-eight feet or more in width rafters for pitched roofs shall measure not less than two by eight inches, and be spaced not more than twenty inches on centres; in buildings which are less than twenty-eight feet in width the size of rafters may be determined by the Inspector. Valley rafters twelve feet or more in length shall not be less than two by eight inches. All timbers herein mentioned are to be solid sticks excepting the plates, which may be in two pieces, each two by four inches, thoroughly spiked together. Flat roofs shall be timbered the same as floors."

Section 26 (a), line 2, by adding after the word "superstructure" the words "or within thirty feet," so as to read: "SECTION 26. (a) All garages built beneath or against the superstructure or within thirty feet of a dwelling shall be enclosed by fireproof

walls without openings to the inside of the dwelling. All external doors shall be metal covered on the inside. All windows in exterior walls shall be metal covered with wired glass."

The extension of gas mains to Chiltern Hundreds, Glen Road, Loring Street and Meadowbrook Road, and probably further extensions in the near future, makes it necessary to adopt suitable regulations.

Respectfully submitted,

FRANKLIN C. MULOCK,  
*Inspector of Buildings.*

## RECOMMENDATIONS OF THE PLUMBING INSPECTOR FOR GAS FITTING REGULATIONS.

BELMONT, MASS., February 3, 1927.

THE HONORABLE BOARD OF SELECTMEN, TOWN HALL, WESTON,  
MASS.:

*Gentlemen,* — In compliance with your request which I received through your Building Inspector, Mr. Mulock, I have prepared for your approval a set of gas fitting regulations which I believe will be suitable for the present and the near future needs of the Town of Weston. In preparing the regulations I have investigated those used in other places and have appropriated some of the sections now in use in these cities. I have also consulted with other men who are experienced along this line, and have gathered many valuable suggestions which I have incorporated into these regulations.

I shall be glad to hear from you and to aid in making any additions or corrections to the regulations as submitted.

Very respectfully,

THOMAS F. HARRIS,  
*Local Agent and Plumbing Inspector,  
Town Hall, Belmont, Mass.*

## Gas Fitting Regulations.

SECT. 1. Gas fitting shall mean the work of putting together any fittings, pipes, fixtures or other appliances which are to contain gas for heat, light or power purposes.

SECT. 2. All gas fitting shall be done in accordance with the permit granted. All gas piping and fittings shall be tested twice in the presence of the Inspector or his representative free of charge to the town; and twenty-four hours' notice to the Inspector of all appointments for testing may be required. The first test shall be made before the piping is concealed, painted or coated; the second, after the gas fitters have completed their work and all work which could disturb the piping has been finished, but it may be before the fixtures are installed. All pipes must stand an air pressure of 3 pounds per square inch, as indicated by a column of mercury 6 inches high, for a period of ten minutes without any drop. The Inspector shall issue a certificate to the gas fitter after the second test if it proves satisfactory. No gas pipe or fitting shall be covered or concealed from view until both tests have been made and such certificate has been issued; nor shall any public gas company set a meter or supply gas in any building or turn on the gas in any new fitting in any new or old building until the piping fixtures and appliances and the work performed have been approved by the Inspector and a certificate issued. In buildings that have been damaged by fire the gas piping and fixtures shall not be used or the gas turned on until authorized by the Inspector.

SECT. 3. On concealed work no unions will be allowed, but right and left couplings shall be used. All unions shall be made up with ground-metal seats. All piping shall be free from burrs, or other obstructions, installed without traps and graded downward to risers or toward a drip that will carry off condensation. In installing and connecting pipes, fittings, fixtures and appliances, the red lead, white lead, or compound that is used, must be applied to the male thread only. The use of gas fitters' cement is prohibited except in putting fixtures together. Acid or alkali shall not be used to tighten or in making up joints. No second-hand pipe shall be installed in any building without the written permission of the Inspector. No pipe shall support any weight other than a meter or fixture, nor be subject to undue strain.

SECT. 4. All gas pipes shall be of the best quality wrought iron or steel, of standard iron pipe sizes, full weight and free from defects. All fittings shall, except as otherwise required, be of full weight malleable iron. Galvanized fittings and pipe are prohibited. Every meter connection shall be of standard iron pipe or brass pipe of iron pipe size. No lead pipe nor solder shall be used in such a connection.

All cast fittings, such as cocks, swing joints, double centers and nozzles, shall be standard fittings except for factory use, where extra heavy or mill fittings shall be used. The plugs of all cocks must be ground to a smooth and true surface for their entire length, be free from sand holes, have not less than  $\frac{3}{4}$  inch bearing on all cast fittings and  $\frac{1}{16}$  inch on all turned fittings, have two flat sides on the end for the washer, and have two nuts instead of a tail screw. There shall be stop pins to keys on all cocks or fixtures.

All brass tubing used for arms or stems of fixtures shall be at least No. 18 standard gauge and full size outside so as to cut a full thread. All threads on brass pipe shall screw in at least  $\frac{5}{16}$  inch. All rope or square tubing shall be brazed or soldered into fittings and distributors, or have a nipple, one end of which shall be brazed into the tubing, and the other end provided with a male thread to screw into distributor. No flexible tubing for gas plates, lamps, or any other fixture shall exceed 6 feet in length without a special permit from the Inspector.

SECT. 5. All piping installed in a building of the dwelling house type, for lights only, shall be in accordance with the following table:

DIAMETER OF PIPE IN INCHES.	Length of Pipe allowed in Feet.	Number of $\frac{3}{4}$ -Inch Outlets allowed.
$\frac{3}{8}$	20	1
$\frac{1}{2}$	30	3
$\frac{3}{4}$	50	10
1	70	15
$1\frac{1}{4}$	100	30
$1\frac{1}{2}$	150	60

No riser or main pipe less than  $\frac{3}{4}$  inch shall be installed in any building. No pipe less than  $\frac{3}{4}$  inch shall be installed as a fuel line. The size of all other piping shall be approved by the Inspector.

SECT. 6. All piping shall be securely screwed and rigidly fastened to woodwork by hooks, straps or pipe hangers. Where it is not close enough to the woodwork to be so fastened, wooden strips securely fastened to the woodwork shall be provided at intervals no greater than that set forth in the following table:

	Feet.
$\frac{3}{8}$ or $\frac{1}{2}$ inch pipe	6
$\frac{3}{4}$ or 1 inch pipe	8
$1\frac{1}{4}$ , $1\frac{1}{2}$ or 2 inch pipe	10

All piping shall be secured to brick or stone walls by fastening it to wooden plugs driven into the wall or to metal expansion plugs imbedded therein. All piping shall be secured to concrete or tile walls or ceilings by straps, hooks, or pipe hangers fastened to the wall or ceiling by expansion bolts or substantial metal inserts.

SECT. 7. Every pipe passing through a masonry wall, except an outer foundation wall, shall be encased, by tile or standard full-weight iron pipe, in one piece, extending the full thickness of the wall, and left resting on the bottom of the casing with a clearance above of at least  $\frac{1}{4}$  of an inch. No gas pipe shall be let into the timbers, beams or girders unless it is placed within

3 feet of the bearing of said timber, and then not more than 2 inches in depth. All gas pipe shall be run and laid in such a way as to avoid any strain or weight on same, and no pipe shall be buried in plaster in whole or in part.

SECT. 8. Every building used for human habitation and connected to a gas main shall have a separate street service. Every street service shall have a shut-off outside the building accessible at all times in case of fire, but, with the approval of the Inspector, there may be substituted in place of such outside shut-off an automatic safety valve located inside the wall of the building and between this point and the gas meter. Every outside shut-off for a street service shall consist of an extra heavy brass cock or an iron valve with Babbitt or other non-corrosive metal seat.

The service pipe must have connected to it, close to the inside of the foundation wall, an extra heavy malleable iron tee, and the end on the run opposite the service shall be reduced  $\frac{3}{4}$  inch nipple and cap. The outlet side shall have connected to it a close nipple and L with a main shut-off cock made into the L. In buildings of more than one riser, each riser shall have connected to it in the cellar a shut-off the same size as the riser. These shut-offs shall consist of a straight-way brass cock, unless the pipe is larger than 2 inches, in which case it shall consist of either a brass valve or an iron valve with a Babbitt or other non-corrosive metal seat.

Every service connection from the street to the inside of the cellar wall must be at least  $1\frac{1}{4}$ -inch pipe, and where entering any building shall be thoroughly cemented into the wall with Portland cement mortar. No part of any street service pipe shall be buried under any part of a building except where it passes through the foundation wall. In case of a new building, or an addition, or relocation of a building, the service shall if necessary be moved so as to conform to this requirement. Every building service shall be graded in a downward direction to the street main, and the tee in any horizontal run turned up. Piping installed in cold or damp places shall be properly dripped, painted with two coats of red lead and linseed oil, and protected in a manner satisfactory to the Inspector.

SECT. 9. All meters, connections and shut-offs thereto within a building shall be located in the basement, if possible, and when such location in the basement is impracticable, they shall be grouped in their respective stories. Every meter, 20-light or under in size, located in any cellar or basement, shall be situated in a light place near the wall through which the service enters, at least 4 feet above the floor, and with an unobstructed passage leading thereto. All larger meters shall be installed in a location satisfactory to the Inspector.

No gas meter shall be placed underneath any stairway, bulkhead, show-window, stoop, sink or lavatory, over a water-closet fixture, gas or electric light; in any horse stall, sleeping apartment, closet, coal or wood bin, room where a moving-picture machine is operated; in the space between floors under a show-window or bulkheads; within 20 inches of an electric cut-out box, service switch, distribution panel, or any device or electric appliance that transmits or generates an electric current for light or power; or within 8 feet of any boiler, furnace, hot-air pipe or smoke pipe. No meter shall be set in any kitchen, kitchenette, or any room containing a gas range unless

the floor area is at least 36 square feet, and the meter can be set at least 8 feet from any range or stove, and the room is properly ventilated.

SECT. 10. Risers shall be run to within 5 feet of that part of the foundation wall at which the street service pipe will enter the building. Whenever two or more meters are located together, risers shall commence within 5 feet of the proposed location, and run horizontally to convenient points and thence arise. There shall not be less than 3 inches between any two risers. All risers run to meter locations must be spaced not less than 15 inches and not more than 24 inches apart. Every riser shall commence at least 1 inch below a finished ceiling, or at least 3 inches below an unfinished one.

Every vertical riser shall be equipped at its lower end with a tee having a full-sized opening looking downward, equipped with a short nipple and cap. Tee shall be used for a drop and the pipe nipples to the next beam or brace. A riser in an unheated part of a building shall be located not less than 4 feet from the outside wall and in no case against an outside wall of any building if another location is available. There shall be an air space between the pipe and any exterior wall. No riser shall be placed within 20 inches of a vestibule partition, electric cut-out box, service switch, distribution panel, or any device or electric appliance that transmits or generates an electric current for light or power. Elbows are prohibited on the end of branch lines.

SECT. 11. Outlets for gas ranges and heaters shall have a diameter not less than  $\frac{3}{4}$  inch, and all ranges and heaters shall have a tee handle cock on the supply pipe near such range or heater. When several appliances are used from one supply pipe, the supply pipe must be provided with a shut-off to control all.

Outlets for side brackets shall be either square bends or long drop ells, so constructed that the pipe is not kinked during bending. No nipples shall be used in connection therewith. Such outlets shall be firmly secured at a right angle to the wall, and shall not project more than  $\frac{1}{8}$  inch nor less than  $\frac{5}{8}$  inch from the face of a finished wall.

Every drop outlet in any building shall extend at least 3 inches below an unfinished ceiling or 1 inch below a finished one. Every drop left for lights shall be secured so it will not unscrew when the fixture is removed; and it shall be rigidly secured either to the floor construction or to cross pieces nailed between the joists. Every such drop shall be tried to insure that the thread on it is straight, and shall be so secured that the fixture attached to it will hang plumb.

Every fuel outlet through a floor in any room shall project at least 3 inches above the floor and at least 2 inches from the baseboard; if through a wall it shall project at least 3 inches from the wall. Every outlet for a gas log or gas heater in a fireplace shall extend at least  $1\frac{1}{2}$  inches above the finished bottom of the fireplace and at least 6 inches from the back and at least 2 inches from the left-hand side of the fireplace. Every outlet shall be securely closed with an iron cap or plug until its fixture or appliance is installed. All bracket outlets shall be at least 8 inches from the wooden casing of any door or window. No outlet for illumination shall be placed under a tank, back of a swinging door, or within 4 feet of a gas meter.

SECT. 12. All cocks on illuminating fixtures that are installed in any building containing rooms for sleeping purposes shall be separated one from the other at least 6 inches, and no hose cock or independent fitting, or any cock that controls the gas supply to any appliance, shall be nearer than 6 inches to any other cock.

Gas arc fixtures, inverted light fixtures, and all fixtures of this description, the burners of which are ignited from a pilot or several pilot lights, shall have in the stem of the fixture an extra heavy brass lever cock which can be operated from the floor, and if the fixture is constructed with arms, the cocks on same must comply with rule as regards size and bearing; pilot light tubing shall be made gas tight.

Fixtures shall be put together by heating and cementing, and be securely screwed into the drop so that it cannot be turned off by hand, and the arms made up so that they will remain safe and secure. All stems of fixtures of two lights or more each shall be not less than  $\frac{1}{2}$ -inch iron size.

SECT. 13. All low gas stoves and ranges shall be placed on iron stands, or the burners shall be at least 6 inches above the base of the stove and metal guard plates shall be placed about 4 inches below the burners. Gas stoves and ranges shall be kept at least 8 inches from any woodwork or any lath and plaster partition, unless protected to the satisfaction of the Inspector. Every gas stove, range or heater shall have a rigid pipe connection, and shall have a vent pipe connected with some smoke pipe or flue. Such vent-pipe shall be not less than 5 feet in length before entering any wooden partition; and if within five feet, and the vent-pipe is placed nearer than 3 inches to any woodwork, the latter shall be protected with incombustible material.

All automatic water heaters hereafter installed, in which the burners are ignited automatically from a pilot light, shall be provided with a ventilating pipe of cast or wrought iron at least 3 inches in diameter, to carry the gas to the open air in case of accident to the pilot light. This pipe may be connected to the heater, boiler or furnace flue in the chimney, entering the same above the smoke pipe, provided no other flue is available. Ventilating pipes connected with automatic heaters shall not have any damper, deflector or other similar device.

A gas water heater connected with a hot-water boiler shall have a supply pipe of not less than  $\frac{1}{2}$  inch. These heaters shall be placed at least 8 inches from all woodwork or wood lath and plaster partition unless the same is protected with a non-combustible shield having at least a 1-inch air space.

Gas engines shall be supplied by a separate street service. Exhaust pipes shall be run to roof when possible, shall not come in contact with woodwork, and shall be properly protected.

No pressure regulator patent device designed for the use of gas, and no improvement on any fixture, device or appliance, or patent burners shall be installed in any building until the same has been approved by the Inspector.

## REPORT OF SPECIAL COMMITTEE TO CONSIDER NAMES OF STREETS AND WAYS.

WESTON, MASS., January 12, 1927.

### TO THE BOARD OF SELECTMEN:

At the last Annual Town Meeting it was voted that a special committee of five persons should be appointed by the Moderator to consider the names of the streets and ways of the Town, to recommend suggestions for the names of new streets and changes of names of existing streets, and to report on or before the date of the next Annual Town Meeting. Acting under the authority of this vote the Moderator appointed as members of this committee the persons whose names are appended to this report.

According to the records and maps of the Town, especially the map printed in the Annual Report for 1918, there appear to be forty-nine public ways in the Town, divided as follows: avenues, 6; streets, 23; roads, 17; lanes, 3. Although in the past it may have been the habit to apply these names somewhat loosely, the committee is of the opinion that the best practice of the present day reserves avenues and streets for rather thickly settled communities, although there are many exceptions to the rule. The name "road" has been commonly applied to country highways which are more sparsely settled than streets and avenues, though it is coming to be used often instead of street in well built-up communities, as in the case of Maple Road in Weston. A "lane" generally indicates a way which leads from a street or road and runs to a dead end, or it may be a short and narrow way connecting two more important thoroughfares. It is with these considerations in mind that the committee has made some of its recommendations. In one instance it has sought to perpetuate the name of an old and honored family of Weston which has been identified with the Town for generations. In a few cases it has recommended a return to historic names which form a link between the present and the past, and thus preserve our association with the pioneers of an earlier time.

On the evening of November 8 the committee held an open meeting at the Town House and invited all citizens interested to

attend. A considerable number came to the meeting and offered suggestions for the renaming of some existing public ways. Names were also presented for several new ways in different parts of the Town. After careful study of these suggestions and petitions the committee begs to make the following recommendations:

1. To change the name Central Avenue to Boston Post Road. On a map of the Town made in 1794 this thoroughfare is named Post Road. Later, by common usage, the word Boston was prefixed, and as the Boston Post Road it was known from Boston to New York City. It bears this name today for many miles out of New York, and unofficially it is so designated for a large part of the distance between the two cities. Signboards carrying the name are familiar to us in Weston. At the hearing the change was urged by residents along the way, and it has received the approval and support of many other citizens.

2. To change the names of North Avenue and South Avenue to North County Road and South County Road. These were the names they bore on the old map of 1794, and so they were known for probably much more than a hundred years. To return to them is to restore continuity with the past to which the fathers of the Town belonged.

3. To change the name of Oak Street to Cliff Road of which it is properly a part. Oak Street is a link between South Avenue and Cliff Road which it meets at Glen Road. It is all one way and should bear the same name throughout its entire length.

4. To change the name of Cross Street to Winter Street. Cross Street is a very short way, really an extension of Winter Street from South Avenue to Highland Street, and should not carry a different name.

5. To change the name of Ash Street to Upham Road. More than a hundred and thirty years ago members of the Upham family were living on this road and still own property thereon. Upham is one of the old names in Weston and should be remembered.

6. To repeal the action of the Town by which the name of Sudbury Road was changed to King Philip Road. This is suggested simply to clear the record. The change never was accepted in practice and the signboards remain unaltered.

7. To change the name of Westland Avenue to Westland Road. This is a short way, not a thoroughfare, and is more appropriately called a road or street than an avenue.

8. To change the name of Warren Avenue to Warren Road. This, too, is not a thoroughfare, nor is it a lane, but may properly be called a road.

9. To change the name of Linwood Avenue to Linwood Way. This is really a driveway from Central Avenue to the cemetery. It is not an avenue in any sense of the word, and should not carry a name which does not belong to it.

10. To change the names of Fiske Street and Ware Street to Fiske Lane and Ware Lane. These are practically short cuts and are lanes rather than streets.

11. To change the following streets to roads: Bogle, Brown, Chestnut, Crescent, Highland, Lexington, Lincoln, Loring, Merriam, Newton, Pine, River, Viles, Wellesley. These are country highways, not streets in a thickly settled town, and as such road more exactly describes them.

12. To approve, at the request of the residents thereon, of Derby Lane as the name of a way leading out of the south side of Central Avenue at a point nearly opposite Crescent Street.

13. To approve, at the request of the residents thereon, of Gowell Lane as the name of a way leading out of Conant Road alongside the property of Mr. Lyman Gale.

14. To approve of Pembroke Road, Old Colony Road, Ferndale Road, Ridgeway Road, Dean Road, Chiltern Road, Locust Road, Old Town Road, Boulder Road, Ox Bow Road, and Columbine Circle as the names of ways in the development known as Chiltern Hundreds in the south part of the Town and described on a map filed in the office of the Town Clerk.

15. To print annually in the Town Report the names of all the highways and lanes of the Town, both those which have been formally accepted by the Town and those which at the moment have not been so accepted, to the end that names be not duplicated.

Respectfully submitted,

ELMER S. FORBES.  
ANNA C. HASTINGS.  
CHARLES W. HUBBARD.  
HELEN M. KELSEY.  
JOSEPH E. PERRY.

## REPORT OF THE WORK DONE BY THE MIDDLESEX COUNTY EXTENSION SERVICE IN THE TOWN OF WESTON FOR THE YEAR 1926.

---

An appropriation of \$500 was made at the Annual Meeting in support of the Middlesex County Extension Service, through the County Board of Trustees for County Aid to Agriculture. The following is an account of the work done by this organization in Weston for the year 1926.

In agriculture the work this year was devoted entirely to individual farm visits wherever this type of service was requested. Meetings held in adjoining towns, especially along the lines of poultry, fruit-growing and dairying, were made available to the local farmers.

In home-making, speakers were furnished to the local Grange, also judges furnished for the Fair.

A few boys and girls enrolled in the 4-H Club work that is being carried on over the entire county, and an attempt is being made to make this branch of the Service of more value to the town for the coming year.

Several county-wide meetings were conducted, such as the county picnic at the Market Garden Field Station, the annual meeting of the Extension Service at Waltham, and sectional meetings of fruit growers and poultrymen. These were attended by many Weston people.

## REPORT OF BOARD OF COMMISSIONERS OF TRUST FUNDS.

---

### TO THE BOARD OF SELECTMEN:

The Board of Commissioners of Trust Funds respectfully submits the following report.

At the Annual Town Meeting held March 22, 1926, the following votes were passed.

*Voted*, That the Board of Commissioners of Trust Funds is hereby directed to report to the next Annual Town Meeting a detailed statement of all trust funds of the Town, setting forth the names of the donors, the purposes and objects and the securities in which such trust funds are invested.

*Voted*, That the Board of Commissioners of Trust Funds is hereby directed to make a special report on all trust funds bequeathed to or for the benefit of the Town under the will of the late Horace S. Sears with recommendations as to how said funds should be administered so that the utmost benefit may be derived therefrom by the people of the Town, and said Board is particularly requested to consider all problems which may arise in connection with the Horace S. Sears Town Hall Fund as set forth in the Report of the Selectmen on pages 30 and 31 of the Town Report.

### **Special Report on Trust Funds Bequeathed to or for the Benefit of the Town under the Will of the Late Horace S. Sears.**

#### THE TOWN HALL FUND.

Article IV, paragraph 2, of the will of Horace S. Sears, provides as follows:

I give and devise to said Town of Weston the sum of fifteen thousand dollars (\$15,000) to be used for changes and repairs in the Town Hall, to be expended by the Executors of this my will under the authority and with the approval of the Board of Selectmen of said Weston.

Out of the principal and interest received from this fund \$4,211.81 was expended in 1925 and \$2,385 in 1926 for changes, repairs and painting, leaving a balance on hand of \$9,616.

Although there is no question that the terms of the will authorize the use of the principal for changes and repairs, this Board feels

that it would be unfortunate to allow the fund to disappear and be forgotten, and that, out of respect to the generosity of the donor, the fund ought to be continued in some permanent manner.

This Board recommends, therefore, that the income of this fund be allowed to accumulate until the fund reaches the original amount of \$15,000, and that thereafter the income, or so much thereof as the Board of Selectmen shall determine, shall be used for changes and repairs in the Town House under the authority of the Board of Selectmen, any unexpended income being added to the principal; provided that if at any time the Town so votes the principal or any part of it may be invested in any substantial permanent addition to the Town House.

#### FUNDS FOR TREES AND SHRUBS AND FOR ATHLETIC FIELD.

By Article V the following bequests are made to the Town:

(a) The sum of five thousand dollars (\$5,000) as a permanent fund of which the net income shall be used for planting trees and shrubs in public places with the privilege of applying all or any portion of the net income in caring for trees and shrubs theretofore planted.

(b) The sum of five thousand dollars (\$5,000) as a permanent fund of which the net income shall be used for the care and maintenance of an Athletic Field in Weston, and if an athletic field has not been presented to or provided by the Town of Weston before my death then the money may be allowed to accumulate, and such accumulations may be used as a part of the purchase price of a field for that purpose.

No board, committee or individuals are designated to administer these funds. It would seem appropriate for the Town to take such action as may be necessary to appoint the proper board, committee or individuals to carry out the purposes of these bequests.

The remaining trust funds given to the Town under the will of Horace S. Sears are as follows:

#### TOWN COMMON FUND.

The sum of \$10,000 is given to the Town to be held as a permanent fund, the income to be expended under the authority and with the approval of the Park Commissioners for maintenance of the "Town Common."

## TEACHERS' HOME FUND.

The sum of \$10,000 is given to the Town to be held as a permanent fund, the income only to be expended under the direction of the School Committee in maintaining any home for the benefit of teachers of the public schools of Weston, and to the extent that the income is not expended for said purposes the same to be expended for general educational purposes in Weston.

## MISCELLANEOUS FUNDS.

The following funds, together with the fund for trees and shrubs and the fund for an athletic field, above mentioned, altogether amounting to \$30,000 and sometimes spoken of as the "H. S. Sears Miscellaneous Funds," are given to the Town in trust to be invested separately or jointly and the income to be used as indicated.

The sum of \$3,000 is given as a permanent fund for the Public Library of the Town, of which the net income shall be paid to and spent by the Library Committee or Trustees of the Library for buying books, pictures or works of art for the Library.

The sum of \$3,000 is given as a permanent fund for the high school, the net income to be spent under the direction of the principal for the time being for prizes to be awarded annually (unless in any year there are no sufficiently meritorious candidates, in which event the income, or so much thereof as for that or any other reason is not in such year used, shall be added to the capital) under such regulations as may from time to time be made by such principal.

The sum of \$14,000 is given as a permanent fund, the net income of which shall be annually awarded by the principal of the high school and the minister, if any, of the First Parish in Weston for the time being, and in case of disagreement the decision of the latter to be final, as a scholarship or as two or more scholarships to a male graduate or graduates of said school desirous of studying in a college or technological school. The principal of said school and the minister for the time being shall from time to time make regulations for the award of such scholarship or scholarships.

## ELLEN SEARS' FUND.

The sum of \$8,000 is given to the Town of Weston to be held as a permanent fund to be known as "Ellen Sears' Fund," the income

only to be expended under the authority and with the approval of the Trustees of the Public Library of the Town of Weston. The testator requests, without directing, that such income be expended for the assistance of the Librarian, or librarians or her or his or their assistants, in case of sickness or for vacation expenses for her or him or them as an addition to and never as a part of their regular salaries, and to the extent that the income is not expended for the above purposes the testator directs that the same is to be expended for the general purposes of the Public Library of the Town.

Since careful provision is made in each of the foregoing bequests for the method of carrying out the purposes of the bequests, this Board has no recommendations to make with regard thereto. The enumeration of these bequests amounting to \$73,000 again calls to mind the extreme generosity of the late Horace S. Sears to the Town.

### Other Trust Funds.

#### MERRIAM FUND FOR THE SILENT POOR OF WESTON.

This fund originated in a gift made by Charles Merriam in 1865 accompanied by the following letter to the Selectmen, dated March 28, 1865:

*Gentlemen,* Enclosed I hand United States seven and three-tenths Treasury Note for One Thousand Dollars.

My object is to commence the establishment of a fund for the benefit of what I shall call "The Silent Poor of the Town."

And I desire that the interest and income shall be paid over, not to town paupers, but to that class of honest, temperate men and women, who work hard or are prudent and economical, and yet find it difficult to make both ends meet. To such, a load of wood, occasionally a few groceries, or a little flour or meal, will always be of great service.

Now an important point is the judicious distribution, from year to year, of this income. I leave that matter entirely to the town, suggesting only that three or more persons, selected from the different parts of the town, would be able to represent his or her location, and thus in conference all cases of need would be made known.

I am, very respectfully,

CHARLES MERRIAM.

The gift was accepted at the Annual Meeting of the Town held April 3, 1865. Six trustees were chosen to administer the fund, this number being reduced to three in 1867. The fund was increased by a legacy of \$1,250 from Ichabod Pierce and a legacy of

\$787 from Eliza De Rebinder. In 1916 and 1917 Mary P. Cutter and George Berkely Cutter each left one-fourth of the residue of their estates to the fund. (See Town Reports for the years 1874, 1912 and 1914.)

#### TRUST FUNDS OF THE WESTON TOWN LIBRARY.

The Town Library was founded in 1857. Since then the following permanent gifts and bequests have been made to it:

*Charles Merriam Fund.* — In 1859 Charles Merriam gave \$1,000 to be appropriated for the purchase of books for the Town Library. The fund was invested and the income only has been used for the purpose designated by the donor.

*Isaac Fiske Fund.* — Will allowed March 26, 1861; recorded Middlesex Registry, Book 390, page 243: "I give and bequeath to the Weston Library \$300 for the purchase of books." This fund has been added to the permanent funds of the Library.

*Charles H. Fiske Fund.* — About 1873, Charles H. Fiske, then a member of the Massachusetts Legislature, gave his salary as such member, amounting to \$100, to the Library. This amount has been added to the permanent funds of the Library.

*Charles A. Hastings Fund.* — Will allowed May 24, 1894; recorded Suffolk Registry, Book 686, page 7:

I give and bequeath to the Town of Weston, Massachusetts, the sum of \$1,000., which sum I direct shall be invested and kept invested in some safe and productive securities and the interest and the income derived therefrom shall annually be used for the purchase of books for the public or town library of said town.

*Henry A. Gowing Fund.* — Will allowed January 1, 1895; recorded Middlesex Registry, Book 542, page 512:

I give and bequeath to the Town of Weston \$5,000. to be called the Gowing Fund, the net income thereof to be expended in the purchase of books for the town library.

*Herbert Merriam Fund.* — Under date of January 10, 1901, the following vote appears in the records of the Library Committee:

*Voted,* That the committee gratefully acknowledge the generous gift of Herbert Merriam of \$1,000. to be known as the Herbert Merriam Fund and to be held as a permanent investment, the income to be used in the purchase of books. The secretary is instructed to send Mr. Merriam a copy of this vote.

*Abbie J. Stearns Fund.* — Will allowed June 23, 1905; recorded Middlesex Registry, Book 671, page 486:

I give and bequeath to the Town of Weston the sum of \$1,000. as a library fund, the income whereof shall be used yearly for the purchase of books for the public library of said town.

*Francis Blake Fund.* — Will allowed February 4, 1913; recorded Middlesex Registry, Book 792, page 223:

To the public library of the said Town of Weston \$1,000. as a trust fund, the principal thereof to be kept intact and the income to be used in buying books of reference for said library.

*George B. Cutter Fund (\$988.47).* — Will allowed July 5, 1899; Middlesex Registry, Book 607, page 15:

Any part of the remainder of the estate unexpended at the death of the wife of the testator is bequeathed . . .  $\frac{1}{4}$  to the Weston Town Library.

*Mary P. Cutter Fund (\$3,500).* — Will allowed June 4, 1912; Middlesex Registry, Book 732, page 38:

All the rest, residue and remainder of my estate as well real as personal, shall be divided into four equal parts, one of such said fourth parts I devise and bequeath to the town library of said Weston, the same to be held as a fund to be known as the Mary P. Cutter Fund, the income of which shall be forever used from time to time for the purchase of books for said library.

*Rosamond Freeman Fund.* — Under the will of Caroline S. Freeman, allowed June 15, 1920; recorded Middlesex Registry, Book 919, page 381:

To the Weston Town Library in said Weston the sum of \$10,000., the said sum to constitute a fund to be known as the Rosamond Freeman Fund, the income to be applied to the purchase of books or other desirable acquisitions, preferably for the Children's Department. While I do not make it as a condition of this legacy that the library shall be kept open continuously during the afternoon and evening of those days on which it is open, it is my desire and wish that it might be so kept open.

*Grant Walker Fund.* — Will allowed April 23, 1920; recorded Middlesex Registry, Book 928, page 74:

I give to the Town of Weston, \$10,000. to be a fund, the income thereof to be used for the purchase of books for the town library.

*Francis A. Foster Fund.* — Will allowed September 12, 1921; recorded Middlesex Registry, Book 950, page 466:

I give to the public library of the Town of Weston, Massachusetts, the sum of \$2,500., the income of which I suggest be used in the purchase of first-class book of reference.

#### BURIAL GROUNDS, PERPETUAL CARE FUND.

This fund was started and is gradually being enlarged by payments from individuals for the perpetual care of cemetery lots. The income is periodically paid over to the Cemetery Commissioners and used for their general expenses.

#### PUBLIC SAFETY FUND AND SURPLUS WAR BONUS FUND.

These two funds date back to the World War. The Public Safety Fund, which now amounts to \$563.79, represents the balance of a fund raised by subscription from individuals in the Town and at the conclusion of the war turned over to the Town. The Surplus War Bonus Fund, which now amounts to \$1,317.09, represents the share of the Town which was turned back by the Commonwealth to cities and towns.

At the last Town Meeting the following vote was passed:

*Voted,* That the Public Safety Fund, which amounted to \$563.79 as of December 31, 1925, be transferred to and made a part of the Surplus War Bonus Fund, and that said consolidated fund be described on the books of the town as the World War Trust Fund and be and held separate as a permanent trust fund, the income to be added to the principal until further action by the town.

A question has been raised as to the right of the Town to take the action proposed in this vote without legislative authority. It has been suggested that the income of the two above funds might well be used in connection with the celebration of Memorial Day in decorating soldiers' graves, and that if necessary legislation be obtained to permit the carrying out of this purpose.

In the opinion of this Board no more appropriate use could be made of these two funds. This Board, therefore, recommends the repeal of the former vote and the adoption by the Town of the following vote:

That the Public Safety Fund, which amounted to \$563.79 as of December 31, 1926, be transferred to and made a part of the Surplus War Bonus Fund, which on said date amounted to \$1,317.09, and that said consolidated fund

be described on the books of the Town as the World War Trust Fund; that the income of said fund be used under the authority and with the approval of the Board of Selectmen of the Town for decorating soldiers' graves on Memorial Day and other expenses incidental to the celebration of Memorial Day by the Town and that any income not so expended be added to the principal; and that the Board of Selectmen of the Town be and hereby are directed to apply to the Legislature for such authority as may be necessary to carry out the foregoing.

When this Board took office, it was found that some of the trust funds of the Town were invested in securities which were not legal for the investment of such funds, in accordance with section 54 of chapter 44 of the General Laws, which governs the matter. The securities which were not legal investments have been sold and the proceeds invested in legal securities or deposited in savings banks to await a favorable opportunity for investment.

This Board is informed that in the past it has been the practice, when securities forming a part of the permanent trust funds of the Town have been sold at a gain or profit, to transfer such gain or profit to income instead of treating it as an addition to principal. This practice appears to be permitted by the Director of Accounts of the Department of Corporations and Taxation of the Commonwealth. It would seem to this Board to be better practice to treat all such gains as an addition to principal, thus affording the chance for the trust funds to grow and to meet the greater needs of the future. This Board, therefore, recommends the adoption by the Town of the following vote:

That the capital amount of the various permanent trust funds of the Town be set up on the books of the Town at the figures at which they were carried on December 31, 1925 (carrying all bonds at cost), plus any gains which have accrued by reason of the sale of securities during the year 1926, and that hereafter any gains by reason of the sale of securities be added to and be made a part of the principal of such funds; and that the Treasurer and Collector and the Auditor be and hereby are directed to take such steps as may be necessary to carry out the foregoing.

The following statement shows the investments in each of the trust funds of the Town, as of January 1, 1927, and the income received by each trust fund for the calendar year 1926:

BRENTON H. DICKSON, Jr., Town Clerk.

*Dear Sir:* Enclosed herewith is a copy of the Regulations for Common Carriers of Passengers by Motor Vehicles adopted at a meeting of the Board of Selectmen held on February 16, 1926.

Yours very truly,

HERBERT E. TYLER,  
*Chairman, Board of Selectmen.*

### **Regulations for Common Carriers of Passengers by Motor Vehicles**

ARTICLE 1. Motor vehicles operated within the limits of the Town, over regular routes, between fixed termini, for the purpose of carrying passengers for hire, shall be subject to these regulations.

ARTICLE 2. No such motor vehicle shall be operated within the town, without first obtaining a license therefor from the Board of Selectmen. The license shall set forth the exact route over which the licensee shall operate and the description and seating capacity of each vehicle to be operated, and shall be granted only on the condition that the licensee file with the Town Clerk a certificate showing the amount of public liability insurance carried by said licensee, and obtain the other licenses required by and comply with the regulations and rules concerning the operation of such vehicles.

Any license that is granted hereunder shall not be effective until the licensee shall have first deposited with the Town Clerk certificate showing amount of public liability insurance carried by said licensee, said insurance to be approved by the Board of Selectmen, the insurance certificate to cover any injury or injuries to person or persons by reason of any negligent or unlawful act on the part of the principal named in said certificate, his or its agents, employees or drivers, in the use or operation of any such vehicles.

If the Selectmen so require, the rate of fare shall be set forth in each license.

ARTICLE 3. The Board of Selectmen, in granting a license

hereunder, may impose such reasonable license fees as they shall deem expedient.

ARTICLE 4. Such motor vehicle shall not operate as a common carrier of passengers on any street or way in the Town other than as prescribed in the license therefor except in an emergency.

ARTICLE 5. The termini and stopping places for the purposes of taking on or discharging passengers shall be as designated and provided by the Selectmen from time to time.

ARTICLE 6. All such motor vehicles shall be reasonably safe for the proper carrying of such passengers, and the Selectmen, even after the granting of a license to any person, firm or corporation may prohibit the licensee from operating any vehicle which, in the opinion of a majority of the Board of Selectmen, is an improper and unsafe vehicle for carrying passengers.

ARTICLE 7. If the condition of the streets or ways in the Town as described in any license granted hereunder, make it, in the opinion of the Selectmen, unsafe for the operation of such motor vehicle, they shall forthwith order the licensee to cease to operate the same thereon until further order of the Selectmen.

ARTICLE 8. If any vehicle is to be operated by any person other than the licensee, the name of every such person, his address and Massachusetts license number shall also be stated in such application.

ARTICLE 9. No person, other than the licensee or the operator named in the application, shall drive any vehicle unless his name is first recorded in the office of the Selectmen with his address and Massachusetts license number.

ARTICLE 10. Every license granted by the Board of Selectmen shall be revocable by them, and shall, unless otherwise stipulated or unless previously revoked, expire on the first day of May, next ensuing after the date thereof. Such license shall apply only to the vehicle or vehicles described therein and shall not be transferable without the consent of the Board of Selectmen.

ARTICLE 11. The person in whose name the license is taken out shall be the owner of the vehicle mentioned in said license, and his application so state that he is the owner, and his license shall be forfeited if he ceases to be the owner thereof.

ARTICLE 12. No vehicle operated under any such license shall be operated by a minor.

ARTICLE 13. No driver or other person having charge of a vehicle shall demand or receive a higher rate of fare than that established by the Board of Selectmen, or shall unreasonably refuse to carry any passengers.

ARTICLE 14. Every such license so granted shall be subject to the following conditions:

The licensee shall pay to the Town Treasurer as licensee fee before said license shall be operative the fee of ten dollars for each vehicle.

ARTICLE 15. The whole or any part of the above rules and regulations may be changed, or further rules and regulations may be added at any time by the Board of Selectmen if in their opinion public convenience and necessity so require.

ARTICLE 16. No bus shall be at any time operated at a speed which shall be unlawful, and at no time shall the speed of any bus exceed twenty-five miles per hour.

ARTICLE 17. Buses shall not be allowed to stand in any public way, except the stands provided in the license, other than for the purpose of receiving or discharging passengers.

ARTICLE 18. All stops shall be made with right wheels as near the right side of the road as is practicable, and no stops shall be made on cross-walks or on any intersecting streets.

ARTICLE 19. Every driver of a motor vehicle shall remain on or near said vehicle at its stand.

Received and recorded, February 17, 1926.

BRENTON H. DICKSON, Jr.,

*Town Clerk.*

MARCH 2, 1926.

ARTICLE 6. To consider the report of the special committee appointed under vote of the town at the special meeting held November 17, 1925, to draft and submit a by-law for the regulation of the inspection, materials, construction, alteration, repair, height, area, location and use of buildings and other structures within the limits of the town and to take any action relative to said report or to the subject matter thereof and to alter, amend or repeal any of the existing by-laws of the town and adopt new by-laws and act anything relative thereto.

ARTICLE 7. To determine whether the town will vote for the appointment of a special committee to consider the names of the streets and ways in the town and to report its recommendations to a subsequent meeting of the town.

ARTICLE 8. To raise and appropriate, by borrowing or otherwise, such sums of money as may be necessary for all or any of the purposes mentioned in the foregoing articles, or as may be required to defray the expenses of the town for the ensuing year; and especially to act upon all the appropriations asked for or

proposed by the Selectmen or by any town officers or committees in their reports.

And you are to serve this warrant by posting three attested copies thereof according to the vote of the town, namely, at the Townhouse, at the Kendal Green post-office, and on the town bulletin-board at the junction of South Avenue and Newton Street and Park Road seven days at least before the time appointed for said meeting.

Hereof fail not; and make due return of this warrant with your doings thereon to the Selectmen at the time and place of said meeting.

Given under our hands this first day of March in the year of our Lord one thousand nine hundred and twenty-six.

HERBERT E. TYLER,  
LAWRENCE B. PAGE,  
B. LORING YOUNG,

*Selectmen of the Town of Weston.*

Pursuant to the above warrant, I have notified and warned the inhabitants of the Town of Weston according to order.

J. SUMNER VILES,  
*Constable.*

### **Annual Town Meeting, March 22, 1926.**

In pursuance of the foregoing warrant, the inhabitants of the town qualified to vote in elections met in the Town Hall on Monday, March 22, 1926 at 12 o'clock noon and were called to order by Brenton H. Dickson, Jr., Town Clerk, who read the warrant calling said meeting and the return of the officer who served the same upon the inhabitants.

ARTICLE 1. Frank W. Knowlton was duly elected Moderator by written ballot with the use of the check-list and was declared elected by the Town Clerk.

The lower Town Hall had been fitted up as a polling-place in conformity with the Laws of the Commonwealth. The "cards of instruction", "penalties to voters" and "specimen ballots" were posted in accordance with the Laws of the Commonwealth.

The following election officers were appointed by the Selectmen and sworn to the faithful performance of their duties:

*Ballot Clerks:*

Chester A. Hull,	}	Sworn by the Town Clerk.
Alice E. Jones,		

*Election Officers:*

Cornelius M. Kelleher,	}	Sworn by the Town Clerk.
Grace H. Spaulding,		

*Tellers:*

Charles A. B. Rand,	}	Sworn by the Town Clerk.
John J. Cronin,		
Gertrude Fiske,		
Elizabeth McAuliffe,		
Stanley Morton,		
Gilbert E. Peakes,		
Bernice M. Reed,		
Jeremiah Sliney,		
Joseph P. Adams,		
Clifford C. Cooper,		
Mabel G. Burrage,		
Emma F. Ripley,		
John W. Nason,	}	Sworn by B. L. Young, J.P.
Alice C. Tyler,		
Charles A. Poutas,		
Maurice L. Upham,		
Charles W. Hubbard, Jr.		

The ballot-box was publicly opened and shown to be empty. The register on the box was set at zero (0) and the box immediately thereafter locked and the keys thereto delivered to the Town Clerk.

A package of 1,400 ballots was delivered to the ballot clerks by the Town Clerk who took their receipt therefor. The polls were then declared open.

At 7.25 P.M. it was voted to close the polls at 8 P.M.

Upon three occasions, while the polls were open, the ballot-box was opened and ballots taken therefrom for counting, it being deemed advisable so to do in the unanimous judgment of the presiding election officer and the Town Clerk. The times of thus opening the ballot-box and the number of ballots taken therefrom were as follows:—

At 6.30 P.M.	. . . . .	50 ballots.
At 6.55 P.M.	. . . . .	50 ballots.
At 7.40 P.M.	. . . . .	50 ballots.

At 8 o'clock P.M. the polls were declared closed.

The number of names checked on the voting lists used by the ballot clerks and by the election officers in charge of the reception of ballots was 702. The automatic register of the ballot-box read 704. The election officers certified that on two occasions the register recorded twice. Upon opening the ballot-box 702 ballots were taken therefrom. These ballots were counted and recorded and declaration thereof made in open Town Meeting by the Moderator and were for the following town officers: —

While the polls were open the ballot-box was in charge of Cornelius M. Kelleher and the voting-list used in connection therewith was in charge of Grace H. Spaulding.

The votes were canvassed and counted by the tellers, and after record thereof had been made, the Moderator caused all ballots cast at the election, the tally sheets used in counting the votes and the voting-lists used in distribution and deposit of ballots publicly to be enclosed in envelopes, which were sealed and endorsed and certified in the manner required by law. The above mentioned envelopes, together with the ballot-box and the seal were forthwith delivered to the Town Clerk.

*Town Clerk.*

The meeting was called to order at 7.30 P.M. On motion of Mr. Young it was voted to take a recess subject to the call of the Moderator. At 7.43 P.M. the Moderator called the meeting to order.

The following resolution moved by Mr. B. Loring Young was passed by unanimous vote:

*Resolved*, That we the people of Weston, in town meeting assembled, send greetings and best wishes to our fellow-townsmen Andrew Fiske for many years our Town Moderator. We extend our sympathy to him in his present affliction and our hopes for his speedy and complete recovery. We shall miss him at this meeting but will endeavor to live up to the traditions of dignity, fairness and courtesy which have always marked the meetings of this Town under his guiding hand as Moderator. And we authorize and instruct our Town Clerk to transmit to Mr. Fiske a copy of this resolution as a token of our respect and affection.

Mr. B. Loring Young then presented to the Town the gavel he used as Speaker of the House of Representatives 1921-1924.

ARTICLE 3. *Voted*: That the following reports of the Town Officers and committees which have been distributed throughout the town be accepted and placed on file subject to any correction which may be made by this meeting or by the Town Clerk, and that the Town Clerk is hereby directed to make such corrections to such copies of the reports as may be deposited in the archives of the Town and in the Public Library:—

*Voted:* That the sum of seventeen (17) dollars be appropriated from the Overlay Reserve Fund for abatement of 1920 taxes in excess of overlays.

*Voted:* That the sum of two hundred twenty-three and two hundredths (223.02) dollars be appropriated from the Overlay Reserve Fund to cover abatement of 1921 taxes in excess of overlays.

*Voted:* That the Town recommend to the Assessors that the deficit in the revenue account for 1925 which appears in the balance sheet of the Town as printed on page 131 of the Town Report and which was caused by an error in omitting an item of \$7,000 of debt which matured during 1925 be included in the tax levy of 1926 in accordance with section 23 of chapter 59 of the General Laws.

*Voted:* That the Board of Commissioners of Trust Funds is hereby directed to report to the next annual town meeting a detailed statement of all trust funds of the Town, setting forth the name of the donors, the purposes and objects, and the securities in which such trust funds are invested.

*Voted:* That the Board of Commissioners of Trust Funds is hereby directed to make a special report on all trust funds bequeathed to or for the benefit of the Town under the will of the late Horace S. Sears with recommendations as to how said funds should be administered so that the utmost benefit may be derived

therefrom by the people of the Town and said Board is particularly requested to consider all problems which may arise in connection with the Horace S. Sears Town Hall Fund as set forth in the Report of the Selectmen on pages 30 and 31 of the Town Report.

On motion of Mr. Young, the following Resolutions were adopted:

*Resolved*, That the people of Weston in Town Meeting assembled, having learned with deep sorrow of the death of our fellow citizen Samuel Crocker Bennett, do now place upon the records of the Town this memorial as a record of his life and his services to the Town in testimony of the respect and affection with which we always regarded him.

Samuel Crocker Bennett was born at Taunton, Massachusetts, on the nineteenth day of April, 1858. He was the son of the Honorable Edmund H. and Sally (Crocker) Bennett and sprang from a family long distinguished for devoted service to the Commonwealth. He was educated at St. Mark's School and Adams Academy and was graduated from Harvard College in 1879. He then studied law at Boston University Law School from which he was graduated with the degree of LL.B. in 1882. In the following year he was admitted to the Bar and began at once the practice of his profession with his father at 10 Tremont Street, Boston, where he maintained his offices throughout his entire life. For nearly twenty years he was connected with Boston University Law School as Lecturer, Assistant Dean and Dean, resigning the latter office in 1902 to devote his entire time to practice. Although he was skilled in all branches of the profession, he devoted most of his time in recent years to the hearing of cases referred to him by the Courts or by the parties to litigation as Arbitrator, Referee, Master or Auditor. His thorough knowledge of law, his judicial temperament, his common sense and unfailing courtesy combined to make him an ideal magistrate and he was regarded both by the Bench and Bar as one of the ablest lawyers in the Commonwealth for this important branch of our legal procedure.

He established his home in Weston nearly forty years ago and always took a keen and intelligent interest in the affairs of the Town. He served as Chairman of the School Committee;

he was selected as Town Counsel on many occasions and was chosen in 1913 to deliver the historical address at the celebration of the Two Hundredth Anniversary of the Incorporation of the Town.

Jointly with his father, he published a volume entitled "Massachusetts Farm Law" and he participated in the editorial work of the "Encyclopedia of Law and Procedure", the seventh edition of "Benjamin on Sales", "Federal Decisions" and the American Edition of "Smith's Leading Cases".

He was a member of the Bar Association of the City of Boston; the Massachusetts Bar Association, serving on the Executive Committee and as Chairman of the Committee on Legal Education; the American Bar Association serving as a member of the General Council, the local council for Massachusetts and the Standing Committee on Uniform State Laws and he was a charter member of the Evening Law School established by the Young Men's Christian Association of Boston.

On recommendation of Governor Samuel W. McCall, he was appointed by President Wilson as Chairman of the Local Exemption Board for the Framingham District which administered the Selective Service Act of 1917 in the towns of Framingham, Natick, Sudbury, Wayland and Weston and he served in this important capacity during the entire war.

He was devoted to the interests of Harvard University and, as Secretary of the Class of 1879, he was engaged in the preparation of a Class Report at the time of his death.

*Further Resolved*, That this memorial be spread upon the records of the Town as a mark of tribute and respect to the memory of Samuel Crocker Bennett and that a copy suitably engrossed be transmitted by the Town Clerk to his widow.

After moving the adoption of the resolutions, Mr. Young spoke briefly as follows:

"Mr. Moderator: I wish to take a few moments from the active work of this meeting to urge the adoption of the resolutions which I have offered. Samuel C. Bennett was born on Patriots' Day, the 19th of April, a fitting day because his whole life was devoted to unselfish service to the community in which he lived. His ideal was good work well done. He cared nothing for the build-

ing up of riches but he cared a great deal for the building up of character. He was respected by all persons with whom he came in contact.

"His services to this Town were of the greatest value. He held important public office from time to time but his best work was done on the floor merely as one of the citizens of the Town. He was always willing to speak his mind on every important issue. He had the courage which few have to take the unpopular side if he believed it to be the right one. The Town has avoided many serious mistakes through his wise advice and prompt action. He enjoyed debate in the Town Meeting and friendly discussion on all subjects of intellectual interest. He was a human, kindly man, and requests for help and advice he always willingly granted.

"A few years ago, no Town Meeting of Weston was complete without his presence and it will be difficult for us to find anyone to take his place. Although he was a man old enough to be my father, I think perhaps I knew him as well as did any of his friends and neighbors. He lived just across the street from me in the house where I was born and I have been made to feel at home in that house just as though I were a member of his family. Since my father's death almost twenty years ago, I have looked to Mr. Bennett on many occasions for help and counsel. Because of that close personal association, I feel able to mention certain facts in connection with his life which perhaps are not generally known.

"No public office brings a man in closer contact with the lives of men and women than does the important office of Judge of the Probate Court. In that office is needed a man learned in the law and also a man of broad human sympathy and understanding. A vacancy occurred on the probate bench of Middlesex County while Calvin Coolidge was Governor of the Commonwealth and I well recall the day when Governor Coolidge called me to the executive office at the State House and asked me to suggest to Mr. Bennett that the Governor would feel gratified if he would accept an appointment to that position. Mr. Bennett, because of other responsibilities, did not feel able to undertake this task but the very fact that such a man as Calvin Coolidge considered him qualified is itself the highest praise of his character and ability.

"I doubt if many people realize the extent and difficulty of Mr. Bennett's work as chairman of the Draft Board during the war. Each day he would go to Boston to transact his daily work and

then during the afternoon would go to Framingham where the manifold problems of the Selective Service Act would occupy his time until late in the evening. Returning from Framingham to Riverside on a late train at night, he would then walk to his home in the heat of summer or the cold of winter always doing the full day's work and more besides.

"On the wall of his study directly over his desk are five photographs — men in uniform — three of his sons and the husbands of his two daughters. On one side of these pictures is a letter signed by General Leonard Wood congratulating him on the services rendered by his family to the nation. On the other side is a verse of poetry selected by Mr. Bennett himself as descriptive of those qualities of character which he felt were represented in the pictures,

Ofttimes cometh our wise Lord God,  
Master of every trade  
And tells them tales of His daily toil,  
Of Edens newly made,  
And they rise to their feet as He passes by  
Gentlemen unafraid.

"Mr. Moderator, that verse describes not merely the pictures but also Mr. Bennett himself. In sickness and in health, in joy and in sorrow, in success and in adversity, Samuel C. Bennett met life and came forth victorious, a gentleman unafraid."

ARTICLE IV. *Voted:* That C. Burritt Tillson be and hereby is elected Director to serve in co-operation with the Trustees for Aid to Agriculture and Home Economics under the provisions of Chapter 128 of the General Laws.

ARTICLE V. *Voted:* 1. That a Committee of three be appointed by the Selectmen to be known as the Water Supply Investigating Committee. One of said Committee shall be a resident of Silver Hill, one, a resident of that part of the Town now served by the Town water supply, and one, a resident of the south part of the Town. Such Committee shall choose its own Chairman.

2. It shall be the duty of the Committee to study the needs of the Town water system, the best methods of its development with a view to the ultimate supply to parts of the Town not now served by the water system, the probable cost of such development and all matters of rates, taxes and other financing in connection therewith.

3. The Committee shall meet with and consult the Water Commissioners and the Selectmen and shall employ as consultant a disinterested engineer of acknowledged standing, qualified as an expert on water supply and distribution, and shall publish its report of its findings and recommendations and a report of its consulting engineer.

4. The sum of three thousand (3,000) dollars is hereby appropriated for carrying out the provisions of this vote, of which \$573 shall be taken from the balance in the hands of the Treasurer received from insurance upon property of the water department.

ARTICLE VI. *Voted:* To amend the proposed By-Law, Article VI, Building Laws, as printed on pages 158 to 175, inclusive, of the Town Report for the year ending December 31, 1925 as follows:

1. To amend section 6 by adding the following: "and providing that no such restriction shall apply to buildings of fire-proof construction or to public garages."

2. To amend section 10 by adding the sentence: "Nothing in this Section shall be construed to prohibit the use of other materials for foundations as provided below."

3. To amend Section 28 by adding the following: "approved by the Inspector of Plumbing."

4. To amend Section 42 as follows: Change the words "law and rules laid down by the Board of State Underwriters" to read "regulations of the National Board of Fire Underwriters for Electric Wiring and Apparatus."

*Voted:* That the proposed by-law of the Town of Weston recommended by the Special Committee on Building Laws, said proposed by-law having been printed as part of the Annual Town Report and distributed to the registered voters of the Town with copy of warrant for this Annual Town Meeting, as amended by this meeting, be and is hereby made and adopted as Article VI of the By-Laws of this Town to take effect as such by-law upon approval by the Attorney General of the Commonwealth and notice given thereof by delivery of a copy at every occupied dwelling or apartment in the Town as provided by Section 32 of Chapter 40 of the General Laws.

*Voted:* That the Selectmen are hereby authorized and directed to print and distribute among the voters of the Town the new by-law as and when approved by the Attorney General of the

Commonwealth by delivering a copy thereof at every occupied dwelling or apartment in the Town.

*Voted:* That in case the Attorney General withholds his approval from any section of said proposed new by-law, such withholding of approval shall not affect or limit the validity of the balance thereof and the Selectmen in preparing said new proposed by-law for printing and distribution are hereby authorized to rearrange and renumber the sections thereof in case any of said sections are disapproved by the Attorney General.

*Voted:* That the Selectmen be and hereby are authorized to approve payments drawn on the appropriation amounting to \$500 appropriated at the special meeting in November, 1925, for the use of the Committee on Building Laws, for all further expenses in connection with printing or distributing any by-laws or votes of the Town which may be adopted under the report of said Special Committee.

ARTICLE VII. *Voted:* That a special committee of five persons to be appointed by the Moderator be established to consider and report to the Town upon the names of the streets and ways of the Town and to report its recommendations with suggestions for names of new streets and changes of names of existing streets on or before the date of the next annual Town Meeting.

The Moderator appointed Elmer S. Forbes, Charles W. Hubbard, Rev. Joseph E. Perry, Anna C. Hastings and Helen M. Kelsey.

ARTICLE VIII. *Voted:* That the money appropriated at this annual Town Meeting, not otherwise provided for, be assessed, after deducting the estimate of receipts for the ensuing year, upon the polls and estates taxable in this town and be collected as the town charges are usually assessed and collected as provided by law.

*Voted:* That the Town Treasurer with the approval of a majority of the Selectmen be and hereby is authorized to borrow from time to time in anticipation of the taxes and other estimated revenues of the town for the municipal year beginning January 1, 1926, to an amount not exceeding in the aggregate one hundred thousand dollars (\$100,000) and to issue a note or notes therefor, payable within one year; any debt or debts incurred under this vote to be paid from the taxes and other revenues of said municipal year.

*Voted:* That of the money already appropriated the sum of twenty-five thousand dollars (\$25,000) be taken from any money in the treasury not otherwise appropriated.

A motion to reconsider the action taken under Article V did not pass.

At 9.08 P.M. it was voted to take a recess until the tellers had counted the votes.

At 12.05 A.M. March 23rd the meeting was called to order and the Moderator announced the vote for Town Officers.

At. 12.14 A.M. it was Voted that the meeting be now dissolved.  
Dissolved.

Mr. BRENTON H. DICKSON, Jr., Town Clerk.

*Dear Sir:* At a meeting of the Board of Selectmen held on April 5th Franklin C. Mulock was appointed Inspector of Buildings and Inspector of Wires.

Notice having been received from Edward P. Ripley, a member of the Board of Water Commissioners that two vacancies existed on said board by reason of the resignations of Messrs. Warren and Hersum, the Selectmen met with Mr. Ripley for the purpose of electing two members of said board as provided in section 11 of chapter 41 of the General Laws, Mr. Ripley and the Selectmen having received one weeks notice of this meeting. Frank W. Knowlton and Abel J. Colpitts were duly elected by ballot to hold office until the next annual Town Meeting and until their successors are elected and qualified.

(Frank W. Knowlton sworn Apr. 24, 1926 by Mary R. Sheehan, N.P.)  
(Abel J. Colpitts sworn Apr. 21, 1926 by Mary R. Sheehan, N.P.)

It was also voted to grant to Elmer E. Jennison a license to operate motor vehicles for the purpose of carrying passengers for hire through the Town of Weston from Waltham to Lincoln via North Avenue and from Waltham to Wayland via Central Avenue subject to the provisions of the orders, rules and regulations adopted by the Selectmen on February 16, 1926.

Yours truly,

HERBERT E. TYLER,  
*Chairman, Board of Selectmen.*

Received and recorded, April 6, 1926.

## COMMONWEALTH OF MASSACHUSETTS.

## COUNTY OF MIDDLESEX.

Building Laws of the Town of Weston being Article VI of the By-Laws of the Town of Weston, as adopted at the annual Town Meeting held on March 22, 1926, and as approved by Jay R. Benton, Esquire, Attorney General of the Commonwealth, on April 9, 1926.

**By-Laws of the Town of Weston.**

## ARTICLE VI.

**BUILDING LAWS.****Inspection.**

SECTION 1. The enforcement of this by-law shall be vested in the board of selectmen of Weston, their legally appointed deputy, deputies, and the selectmen or their deputy or deputies shall have full authority to enter at all reasonable hours all buildings and every part thereof hereafter erected, for purposes of inspection.

**Exceptions.**

SECTION 2. None of the provisions of this by-law shall be construed so as to conflict with the requirements of State Law or Regulations issued thereunder.

**Filing of Intention.**

SECTION 3. No building, except one-story wooden buildings less than ten feet square, shall be erected, and no addition to or alteration changing the construction of any such building shall be made, by any person unless he has received a permit therefor from the Inspector of Buildings. For the purpose of obtaining such a permit the person intending to erect or make such alterations in such buildings shall, before he proceeds to build or erect the same, or lay the foundation thereof, or to make the said alterations, or to do any act for carrying into execution his intention to do such things, file with the Inspector of Buildings on blank forms furnished by said official, a notice in writing of his intention, with such plans and specifications, or a full written description of the structure to be erected, in such form as may be approved by the Inspector.

### Permit for Erection.

SECTION 4. Upon receiving said plans and specifications or description, the Inspector within two weeks shall give a permit for the erection of, addition to, or alteration above described, of any building after he has carefully inspected the plans, specifications, or descriptions thereof, if in his opinion they provide for all requirements of the Statutes and By-Laws. Six months after date of issue a building permit on which no work has been started shall become void.

Immediately upon the issuance of a permit the party to whom it is issued shall post the card evidencing the permit upon the premises.

### Appeals.

SECTION 5. Any person who is aggrieved by an order, decision or refusal of a permit by the Inspector of Buildings, may appeal therefrom to the Board of Selectmen within ten days from the date of said order, decision or refusal, by filing a written claim of appeal in the office of the Town Clerk.

If the Inspector fails to render a decision upon an application for a permit within two weeks, the applicant shall be entitled to a hearing before the Board of Selectmen within ten days after a written demand therefor filed in the office of the Town Clerk. After notice in writing to the applicant, to the Inspector, and to such other parties as the Board shall order, a hearing shall be given, and the Board shall make such order or issue such permit as it deems proper.

Any owner or lessee of real estate in the immediate neighborhood of the property to which a permit relates shall have the right of appeal to the Board of Selectmen within five days after the issuance of the permit, or within such further time as the Board by special order may allow. The Board may revoke the permit by unanimous vote, if in its opinion the permit will result in a menace to the public safety or to the health or welfare of the neighborhood.

### Fire Walls.

SECTION 6. No building shall hereafter be erected, and no existing building shall be altered or added to, thereby giving it a frontage of more than fifty feet, without one or more partition walls of brick or some fire-resisting material, approved by the

Inspector, extending from the bottom of the cellar, or from a foundation wall to the underside of the roof-boarding, which shall be laid and be imbedded in mortar upon said wall. Such walls shall not be more than fifty feet apart throughout the length of the building. No existing building having a frontage of more than fifty feet shall be converted for use as a dwelling house, without at least one partition wall, constructed as described in this section. Provided, however, that any single dwelling house intended for one family, may be erected or extended more than fifty feet in one direction without such partition wall, and providing that no such restriction shall apply to buildings of fire-proof construction or to public garages.

#### **Two-Family Houses.**

SECTION 7. All houses arranged for the occupancy side by side of two families shall have a fire-proof partition wall between apartments, consisting of a brick wall, not less than eight inches thick, extending from the cellar bottom to the underside of the roof-boarding.

#### **Proximity to Other Buildings.**

SECTION 8. No wooden building, to be used for a dwelling house, shall exceed forty feet in height, and no portion of any wooden building shall be placed at a less distance than fifteen feet from the line of the lot upon which the building is to be located, or within thirty feet of another wooden building, except where a brick or other fire resisting wall is substituted for a wooden wall, and of a thickness and in the manner prescribed for external walls of brick buildings.

#### **Setback Distance.**

SECTION 9. No building or structure shall be constructed, altered, enlarged, reconstructed, or moved so that any part, except uncovered steps, is less than forty-five feet distant from the center line of any street or private way; provided that the Selectmen may give permission for a lesser distance to be used in specific cases where restricted lot dimensions, unfavorable topography of the ground, or other conditions, would make it impossible, difficult, or unreasonably expensive to adhere to the distance required by this section.

### Foundations.

SECTION 10. Excavations for stone foundations shall be made at least six inches beyond the outside of foundation walls and shall not be back filled until inspected. The foundations of all buildings for dwellings shall be walls of masonry at least sixteen inches thick and piers of masonry or iron, laid in cement mortar, but cellar walls may be laid dry to within six inches of the finished grade provided they are properly pointed inside with cement and lime mortar. Wooden buildings not more than two stories in height, other than dwellings, may be built wholly or in part upon piers or posts. The foundations of all buildings must rest on solid ground or leveled surfaces of solid rock, or on piles, concrete, or other solid sub-structure. Such foundation, other than solid rock, must be not less than three feet below the adjacent surface of the ground exposed to frost. Piazzas and porches, shall have a suitable foundation of stone, brick, iron or concrete, built on solid bottom, not less than three feet below and extending not less than three inches above the finished grade. All foundations under masonry walls and piers shall be at least four inches wider than the finished wall or pier. Nothing in this section shall be construed to prohibit the use of other materials for foundations as provided below.

### Concrete Specifications.

SECTION 11. Cellar and house walls of concrete shall be poured with forms upon both sides and shall be well rammed to place. For houses two stories or more in height the thickness of the cellar walls shall be at least ten inches, and for one story houses the thickness shall be at least eight inches. The proportions of the mixture shall be by volume as follows:—

One part of Atlas Portland Cement or a brand of equal grade.  
Three parts of clean sharp sand.

Five parts of broken stone or well screened gravel.

No concrete or other mason work shall be erected where the temperature is below freezing, except when materials are properly heated and permission has been granted by the Inspector of Buildings.

### **Reinforced Concrete.**

SECTION 12. All reinforced concrete, such as columns, beams and floor slabs, shall be mixed as follows:

One part Atlas Portland Cement or a brand of equal grade.

Two parts clean, sharp sand, free from foreign matter.

Four parts broken stone or well-screened gravel which will pass through a one and one-half inch ring.

All forms for the same shall be built of material properly braced and tight.

The forms shall be left in place until the concrete has had proper time to set and harden, this time to be decided by the Inspector of Buildings.

All steel used for reinforcement shall be clean and free from rust scales and shall pass the proper tests.

All reinforcement of weight-bearing columns, beams or floor slabs shall be inspected by the Inspector of Buildings before the concrete is poured.

### **Wooden Frame Buildings.**

SECTION 13. All wooden frame buildings eighteen feet or more in width, shall be built with sills, posts, girts and plates, girts to be tenoned into the posts. All buildings shall be braced in each story and in cross-partitions if deemed necessary by the Inspector. No wall or ceiling of any building shall be lathed or otherwise covered until the Inspector has been notified in writing that the building is ready for such work, and until he has given written consent therefor. The Inspector shall act on such notice within forty-eight hours of its receipt.

In all wooden buildings the posts of which exceed twenty-two feet in length, the sills shall be not less than six by six inches, and the posts and girts not less than four by six inches; in all such buildings the posts of which are twenty-two feet or less in length, the sills shall be not less than four by six inches, laid flatwise, and the posts and girts not less than four by six inches; in all such wooden buildings the studding of the outside walls shall not be less than two by four inches, set not more than sixteen inches on centres; in all such wooden buildings the studding in all carrying partitions shall be not less than two by four inches, set not more than sixteen inches on centres, and resting on girders not less than six by eight inches. All window studding shall be

not less than three by four inches. All self-supporting walls or partitions above the first floor in any building shall be trussed in a manner approved by the Inspector.

#### Floor Timbers.

SECTION 14. Floor timbers in dwelling houses, when of good sound spruce set sixteen inches on centres, shall be of the following sizes:— for a span not exceeding ten feet the timbers shall be not less than two by seven inches; for a span not exceeding thirteen feet the timbers shall be not less than two by eight inches; for a span not exceeding fifteen feet the timbers shall be not less than two by nine inches; for a span not exceeding seventeen feet the timbers shall be not less than two by ten inches; for a span not exceeding eighteen feet the timbers shall be not less than two by twelve inches; for a span not exceeding twenty feet the timbers shall be not less than two by fourteen inches; for a span not exceeding twenty-two feet the timbers shall be not less than three by twelve inches; for a span not exceeding twenty-four feet the timbers shall be not less than three by fourteen inches in size. In case other sizes, materials, and spacings are used for floor supports, the arrangement must be such as to secure in the opinion of the Inspector, a strength equivalent to that given above in the specifications for spruce. All floor timbers of eight feet or more span shall be bridged at intervals not greater than six feet apart with bridging at least one by three inches in size.

Girders when of good sound spruce shall be not less than six by eight inches under main partitions. Summers or floor timbers doubled, or their equivalent shall be used under all cross partitions in the first floor of all dwellings. Headers and trimmers of all openings more than four feet square in the floors of dwellings shall be floor joists doubled or their equivalent. Beams under carrying partitions in first floor shall be supported on piers or cement filled iron posts, the latter not less than three and one-half inches in diameter, or their equivalent, the same to be spaced not more than eight feet apart on centers. In case structural steel or hard pine beams are used the spacing of the posts shall be such as to give a supporting strength equivalent to the above specifications for spruce. Attic floor timbers shall not be less than two by seven inches for any attic whether finished or unfinished to which there is access by stairs.

All cutting of floor timbers for the passage of pipes shall be on their upper edges, and no cut shall exceed two inches in depth, or be made more than three feet from the bearing point of the timber unless the consent of the Inspector has first been obtained. No cutting in the under side of a floor timber will be allowed for any reason.

#### **Roof Timbers.**

SECTION 15. In buildings which are twenty feet or more in width rafters for pitched roofs shall measure not less than two by eight inches, and be spaced not more than twenty inches on centres; in buildings which are less than twenty feet in width the size of rafters may be determined by the Inspector. Valley rafters twelve feet or more in length shall not be less than two by eight inches. All timbers herein mentioned are to be solid sticks excepting the plates, which may be in two pieces, each two by four inches, thoroughly spiked together. Flat roofs shall be timbered the same as floors.

SECTION 16. None of the sections which govern the construction of wooden frame buildings shall apply to one story garages or other one story buildings which are not used for human habitation or into which the public is not invited.

#### **Brick Buildings, Bond.**

SECTION 17. All brick walls shall be built with proper bond and all intersections of walls shall be thoroughly bonded together with brick or tied together with wrought iron straps as often as every eight feet in height. Floor beams shall be anchored to brick walls on which they rest and to each other so as to form continuous ties across the building at least every ten feet.

#### **Brick Buildings, Thickness of Walls.**

SECTION 18. External walls of brick dwelling houses, if not more than twelve feet in height, above the foundation walls, shall be not less than eight inches thick for their entire height; if two stories and not more than twenty-five feet in height, they shall not be less than twelve inches thick to the top of the second floor, and not less than eight inches thick for the remaining height; and if three stories and more than twenty-five feet in

height, they shall be not less than twelve inches thick to the top of the third floor, and not less than eight inches thick for the remaining height.

#### **Chimneys.**

SECTION 19. All chimneys hereafter erected shall be built from the ground of brick, stone or other fireproof non-heat-conducting materials, and shall be built plumb, or nearly so, so as to be self-sustaining; provided, however, that brick flues may be securely built into the brick work of the walls of the building to which they are hung, when the walls are not less than twelve inches thick; and provided also that, upon special permission, first obtained from the Inspector, other forms of support may be used with such special safeguard as he may require, and provided also, that the matter of chimneys in small wooden buildings, other than dwelling houses, not more than one story and one half in height, shall be left to the decision of the Inspector of Buildings, but must be constructed in accordance with his instructions.

#### **Chimneys, Lining.**

SECTION 20. All brick chimneys shall be built of hard burned brick plastered outside below the roofing after having been examined and approved by the Inspector of Buildings, except that exposed portions of said chimneys may be left unplastered upon the outside. Said chimneys shall be topped out with brick or stone, laid in cement and the topping out shall not have more than two inches projection unless the bricks are covered by a cap of stone or other non-combustible material, in one piece, properly secured, and approved by the Inspector; and in no case shall a nail be driven into the masonry of any flue. All chimneys with exterior walls less than eight inches thick shall be lined with vitrified clay flue-lining.

#### **Chimneys, Smoke-Pipes.**

SECTION 21. No smoke pipe in any building with wooden or combustible floors or ceiling shall hereafter enter any flue except at a distance not less than twelve inches from said floor or ceiling and in all cases where smoke pipes pass through stud or wooden partitions of any kind, whether the same be plastered or not, they shall be guarded by a soapstone ring or its equivalent having a thickness radial to said pipe of not less than two inches, and

extending through said partition, and in cases where smoke pipes pass through woodwork of any kind in such near proximity to the brick work of the flue that the space between said woodwork and flue is inaccessible, said pipe shall be guarded by a soapstone ring or thimble, or its equivalent, having a thickness of at least two inches, and extending from the outer face of said woodwork to a point at least two inches within the brickwork of the flue, in which it shall be firmly set.

#### **Chimneys, Hearths.**

SECTION 22. All hearths shall be supported upon trimmer arches of brick or stone, or upon bars of iron supporting a bed of brickwork to the satisfaction of the Inspector and shall be at least twelve inches longer than the width of the fireplace openings and at least eighteen inches wide in front of the chimney breast. Wooden centering supporting a trimmer arch shall be removed before plastering.

#### **Fireplaces.**

SECTION 23. Brickwork of all grates, fireplaces and ranges shall not be less than eight inches thick. No woodwork shall be secured to brickwork of any flue. Open fireplaces shall have fireproof foundations.

#### **Fireproofing Details.**

SECTION 24. (a) No furnace or range set in masonry shall hereafter be placed, or its location changed in any building, without a permit from the Inspector of Buildings, who shall prescribe such regulations for the setting or placing thereof as in his judgment the public safety may require.

(b) The top of every heating furnace or steam boiler shall be kept at least one foot below the lowest part of the ceiling or floor next above it, and such protective covering shall be placed on such ceiling as the Inspector may require.

(c) All register boxes shall be set in soapstone or similar borders not less than two inches in width and said boxes back of such borders shall be surrounded by an open space of not less than one inch in all directions and when required by the Inspector the timbers and flooring surrounding the boxes shall be protected by sheet-metal as he may direct.

(d) All chutes and shafts, unless built of brick, must be filled in flush between the wooden studs with fireproof materials, or

lined with metal or plastered on metal lathing, as may be directed by the Inspector, and all woodwork inside of such chutes or shafts be lined with tin plate lock jointed.

(e) Where floor beams rest on partition caps or on girders, wall girts or wooden sills, the space between such beams, from the caps, girders, girts or sills to four inches above lining floor above, shall be filled solid with brick and mortar or other fireproof material.

(f) Where basement or other flights of stairs are enclosed by partitions of brick or wood, the space between the studs or wall furring must be so fire-stopped with brick or mortar as to effectually prevent any fire from passing up between such studs or furring back of the stair stringers.

(g) Between the stringers of all stairs a proper smoke stop shall be constructed.

(h) No pipes for conveying hot air shall be placed nearer than two inches to any woodwork unless protected to the satisfaction of the Inspector by suitable guards or casings of incombustible material.

(i) No wooden flue or duct of any description shall be used for heating or ventilating purposes except that wooden air ducts may be used to convey cold air to heating furnaces, all woodwork of the same to be at least three feet from the outside of the firebox of said furnace.

(j) A space of at least one inch shall be left between all woodwork and the chimneys; the spaces around chimneys and pipes where they pass through the floors shall be stopped with metal or other fire-proof material, smoke tight. Steam pipes shall have metal sleeves and collars one-half inch larger in diameter than the pipe.

(k) All channels and pockets for gas, water and soil pipes shall be made smoke tight at each floor.

#### **Public Garages.**

SECTION 25. No building shall be erected or converted to be used as a public or commercial garage unless such use has been previously authorized by the Board of Selectmen.

#### **Garages.**

SECTION 26. (a) All garages built beneath or against the superstructure of a dwelling shall be enclosed by fireproof walls

without openings to the inside of the dwelling. All external doors shall be metal covered on the inside. All windows in exterior walls shall be metal covered with wired glass.

(b) A garage shall not be placed within fifteen feet of a property line.

(c) No person shall erect or operate a gasoline filling station unless licensed by the Board of Selectmen.

#### Plumbing Permits.

SECTION 27. Upon application of a registered master plumber, on form furnished by the Inspector of Plumbing said Inspector of Plumbing shall grant written permit to do certain plumbing described therein when in conformity with the law. Drawings of proposed work shall be filed if required. Permits may be recalled by the Inspector of Plumbing if conditions are violated. Permits for all plumbing, except repair of leaks, must be in the hands of the plumber before beginning work.

#### Sewage Disposal.

SECTION 28. The plumbing of each building shall connect with a septic tank approved by the Inspector of Plumbing.

#### Drainage System.

SECTION 29. The drain from a point ten feet outwardly from inside of wall, and not less than four inches in diameter, shall continue with at least one-quarter inch rise per foot to and through roof to a height of at least eight feet where roof is used for clothes-drying or other purposes, at least two feet in any case, and one foot above any window or opening within fifteen feet. The use of running trap on drain at entrance to building is optional. Connections and changes in direction shall be made with long angle and long sweep bends and Y branches. Soil and waste pipes shall not have less than the following diameters:—

	Inches.
Minimum branch waste . . . . .	1 $\frac{1}{4}$
Branch waste for urinals . . . . .	1 $\frac{1}{2}$
Branch waste for sinks . . . . .	1 $\frac{1}{2}$
Branch waste for wash trays . . . . .	1 $\frac{1}{2}$
Main waste . . . . .	2
Main waste for sinks, five floors or more . . . . .	3
Soil pipe . . . . .	4

### Material of Drainage System.

SECTION 30. Drain, soil, waste and vent pipes and connections, which collectively make up the drainage system within the building, shall be constructed of the following material: extra heavy cast iron, galvanized wrought iron, lead and annealed brass pipe not less than No. 13 Stubbs Gauge. Cast-iron pipe and fittings shall be of grade known to the trade as extra heavy, and may be plain or coated with tar or asphaltum. If pipe is coated, it must bear the manufacturer's stamp of test before coating; if plain, it must be painted on inside with red and white lead before putting in place, to prevent rust scale. All joints in cast-iron pipe shall be made with oakum and molten lead, run full, and caulked gas and water tight.

#### Sizes and Weights, Extra Heavy Cast-Iron Pipe.

	Pounds per Foot
2 inches . . . . .	5½
3 inches . . . . .	9½
4 inches . . . . .	13
5 inches . . . . .	17
6 inches . . . . .	20
8 inches . . . . .	33½
10 inches . . . . .	45

When wrought-iron pipe is used it must be galvanized and of standard weight. It shall be used above ground only, and when used for waste or drip shall have galvanized cast-iron recessed drainage fittings; where used for vents, ordinary galvanized fittings may be used. Brass pipe for soil, waste and vent pipe shall be annealed, seamless drawn brass tubing, of not less than No. 13 Stubbs Gauge. Brass fittings used for waste or drip shall be recessed, but ordinary fittings may be used on vents. Brass and galvanized-iron pipe and fittings shall be connected together by sharp tapered threads, with red lead or graphite. No slip joints, unions or flanges shall be used on threaded wastes or vents, except that slip joints may be used on house side of trap to connect fixtures.

Lead pipe shall be of the following diameters and weights: —

Diameter (Inches).	Weight (Pounds per Foot).	Maximum Length allowed (Feet).
1 $\frac{1}{4}$	2 $\frac{1}{2}$	5 <sup>1</sup>
1 $\frac{1}{2}$	—	—
2	4	5
3	6	3
4	8	2

<sup>1</sup> Unless exposed.

Lead bends and traps shall correspond to the above weights.

Brass sleeves for connecting lead and cast-iron pipes shall be extra heavy, at least one-eighth of an inch thick and made of cast red metal. Brass solder nipples for connecting lead and threaded pipes shall be either cast red metal or seamless drawn tubing, size and weight corresponding with pipe to be connected. In connecting lead pipe together, or to brass caulking or soldering nipples, full-sized wiped joints shall be used, cleanouts, plugs, stoppers or any other fittings used in drainage system shall correspond in weight and material with above description.

#### Fastening Pipes.

SECTION 31. Drain, soil, waste and vent pipes shall be supported every five feet on horizontal runs, and at least once to each story on vertical lines; horizontal runs by supports under, or hung from overhead by iron hangers; vertical stacks by pipe rest at floor, or clamps, drive hooks or hangers to adjacent walls.

#### Traps.

SECTION 32. The waste pipe of every independent fixture shall be furnished with a separate trap, which shall be placed as near as practicable to the fixture which it serves. A sink and set of three wash trays, or bathtub and basin when they adjoin, may be connected to the house drain through one four-inch round trap when outlets are not over three feet six inches apart; but the outlet of each fixture shall enter the trap separately. Four washbowls or sinks in a continuous line may be connected to the house drain through one four-inch round trap. Lead bends for water-closets or slop sinks shall not be used to connect waste from other fixtures. Earthenware traps shall have heavy brass floor plates soldered to the lead bends and bolted to the trap

flange, and the joint made of red or white lead putty. All traps shall be of open form. Trap screws for cleaning purposes shall be placed in all metal traps, and where such traps are placed in connection with fixtures, they shall be so installed that the water seal will protect the trap screw from foul air.

#### **Special Traps.**

SECTION 33. Every building in which gasoline, naphtha or other inflammable compounds are used for business purposes shall be provided with a special trap or separator, so designed as to prevent the passage of oils into the drain, and shall be ventilated with a separate pipe to a point three feet above the roof. The waste pipe from the sink of every hotel, restaurant or other public cooking establishment shall be provided with a grease trap. The waste from every fixture, except refrigerators and other receptacles in which provisions are stored, shall be connected directly with the drain pipe.

#### **Stables, Garages, Laboratories, etc.**

SECTION 34. Drainage of stalls, stable fixtures, garages and laboratories shall be installed in accordance with plans approved by the Inspector of Plumbing.

#### **Cleanouts.**

SECTION 35. Where drain enters building a Y shall be placed just inside of wall. The branch of Y shall be used for extending drain, and a cleanout if above ground, or cast brass stopper at least one-eighth of an inch thick if below ground, shall be placed at end of Y. Cleanouts shall be placed at changes in direction and at foot of vertical stack, or other points necessary to make all portions of horizontal drainage accessible for cleaning purposes.

#### **Vents, Back Air Pipes, etc.**

SECTION 36. Traps shall be protected from siphonage and back pressure by special iron or brass air pipes of same size as waste; continuous system of venting shall be used, and back air pipe shall not be connected to the trap or branched into the waste pipe except where a continuous vent is not practicable. Traps of S form shall not have more than twenty-four inches of waste pipe from trap to vent. Round traps not less than nine

inches long and four inches in diameter may be placed five feet from vent pipe. Two water-closets or two other traps on the same level, with not more than two feet of waste pipe, and which connect with soil or waste pipe not more than eighteen inches below the top water line of the trap, shall not require other vent than the continuation of the soil or waste pipe full size for its whole length. Lead air pipes may be used for short connections only, and where exposed to view.

**Schedule of Back Air Pipes and Vents for Fixtures.**

FIXTURES.	Size of Pipe (Inches).	Greatest Length allowed (Feet).	Maximum Number of Fixtures.
Baths, basins, sinks, urinals	1½	30	3
	2	70	9
	3	70	21
Water-closets, or slop sinks	2	35	3
	3	70	9

Two or more air pipes may be connected together, but such connection must be made above top of fixture. All vent pipes shall be at least four inches in diameter where they pass through the roof. Vent lines shall be connected to soil, waste or drain pipe at bottom with Y and long angle bend, and all air pipes shall be so graded that no condensation will remain in pipes. In case of batteries of water-closets, the special air pipe from each trap may be omitted, provided the soil or waste pipe, undiminished in size, is continued to a point above the roof, or revented into the main system above all fixtures.

#### **Testing and Inspection.**

SECTION 37. Pipes or other fixtures shall not be covered or concealed from view until approved by the Inspector of Plumbing. The work shall be examined and tested within two working days after notice that it is ready for inspection. Plumbing shall not be used unless, when roughed in, the wastes, vents, back air pipe and traps are first tested, in the presence of the Inspector, by water or sufficient air pressure.

### **Water-closets.**

SECTION 38. Every building used for habitation shall have such number of water-closets as the Inspector of Plumbing may require, but in no case less than one for each tenement. Every building where persons are employed shall have at least one water-closet for every fifteen persons employed therein; and in any building where persons of both sexes are employed, separate accommodations shall be furnished for both men and women. Every enclosure containing one or more water-closets shall be provided with adequate ventilation to the outer air, either by window or suitable light shaft. No water-closet shall be set in any room or apartment that has not a window having an area of at least three square feet opening directly to the external air. Water-closets shall be supplied with water from tank above, or by flush valves set just above the seat, which in turn are supplied from tank or other adequate supply, capable of delivering five gallons of water to the closet in ten seconds. In all cases the flush pipe shall be not less than one and one-quarter inches in diameter. Tanks shall be lined with not less than twelve-ounce soft-rolled tinned copper, with lining arranged to bring seams in corners, and these seams shall be covered with solder sufficient to measure at least one-half inch across surface of the solder. Where local vents are used they shall connect with heated flue when possible, must be not less than two inches for each fixture, and for a distance of three feet from fixture shall be sixteen-ounce copper. Connection to flue shall be made by wrought or cast-iron pipe at least three feet long; other piping may be of galvanized iron.

### **Storm and Surface Water.**

SECTION 39. Rain-water leaders shall not be connected to sewage stack at any point above basement or cellar ceiling, and shall be trapped. Wherever a surface drain is installed in a cellar or basement, it shall be provided with a deep seal trap and back-water valve. Drain pipes from fixtures subject to back flow shall be supplied with back-water valves.

### **Refrigerator Waste and Drip Pipe.**

SECTION 40. All drip or overflow pipes shall be extended to some place in open sight, and in no case shall any such pipe be

connected directly with the drain pipe. No waste pipe from a refrigerator or other receptacle in which provisions are stored shall be connected directly with drain or waste pipe.

#### **Steam Exhausts, Drifts, etc.**

SECTION 41. No steam exhaust, drip or blow-off pipe shall be connected to drainage system except through a condensing tank of sufficient capacity to liquefy all steam that may be received, and discharge the same without vapor. Vapor pipe shall be carried from tank to a point three feet above the roof.

#### **Electrical Work.**

SECTION 42. All electrical wiring, whether in new work or remodelling, shall comply with the regulations of the National Board of Fire Underwriters for electric wiring and apparatus. All wiring shall be inspected by the Inspector of Wires before the building is lathed or the wires otherwise covered.

#### **Fees for Permits.**

SECTION 43. (a) Upon the issuance of a permit by the Inspector of Buildings, there shall be paid to said Inspector for the use of the Town a fee upon the following schedule:—

1. For the construction of a private garage for one car, one dollar.
2. For the construction of a private garage for two or more cars, two dollars.
3. For the construction of other one-story buildings not to be used for dwelling or business purposes, one dollar.
4. For the construction of single dwelling houses, three dollars.
5. For the construction of dwelling houses for two families, five dollars.
6. For alterations to existing buildings, one-half of the above fees.

(b) Upon the issuance of a permit by the Inspector of Plumbing there shall be paid to said Inspector for the use of this Town a fee of two dollars and a half for a new building and one dollar for an alteration.

(d) All permits issued under this section shall be on numbered blank forms furnished by the town auditor to the Inspector who issues the permit.

#### **Advertising Signs.**

SECTION 44. No bill-board, sign or other advertising device, except those exempted by Sections 30 and 32 of Chapter 93 of the General Laws, shall be erected in any block in which one-half the buildings on both sides of the street are used exclusively for residence purposes or purposes appurtenant thereto, without first obtaining the consent in writing of the owners or duly authorized agents of said owners owning a majority of the frontage of the property on both sides of the street in such block. Such written consents shall be filed with the Inspector of Buildings, who shall thereupon issue a permit for the erection of such bill-board or sign, provided it satisfies the requirements of the Rules and Regulations of the Division of Highways in respect to size, location and construction.

The space bounded by a street and two other streets which intersect it is a block within the meaning of this by-law, provided the space so bounded contains on both sides of said street at least six residences per linear mile of street, reckoning each residence as located where its private avenue enters the street.

#### **Penalties.**

SECTION 45. Whoever violates any provision of this Article or whoever erects, alters or maintains any structure or part thereof in violation of any provision hereof, shall be punished by a fine of not more than one hundred dollars for each offence.

The Board of Selectmen may apply to any court having jurisdiction for equitable relief against the erection or maintenance of any structure in violation hereof.

### **Town Warrant.**

COMMONWEALTH OF MASSACHUSETTS,  
MIDDLESEX, SS.

*To any Constable of the Town of Weston,*

#### **GREETING:**

In the name of the Commonwealth you are hereby required to notify and warn all the inhabitants of the said town qualified by law to vote in elections and town affairs to meet in the Town Hall in said town on Wednesday, the second day of June, next, at 8 o'clock P.M. for the following purpose, to wit: —

ARTICLE I. To determine whether the Town will vote to authorize the Board of Park Commissioners of the Town to acquire or take by purchase, eminent domain or otherwise for public park purposes under authority of Chapters 45, 79 and 80 of the General Laws and Acts in amendment thereof and in addition thereto all or any part of a certain parcel or parcels of land approximately two acres in area more or less, either in fee or any lesser title or interest therein, now or formerly owned by George H. D. Lamson, adjoining the Town House lot on the southwest and extending along Town House Road; and also to determine whether the Town will vote to appropriate for said purposes such

sum of money as may be sufficient for the estimated expense thereof and to raise the same by taxation or by the issue of bonds or notes and to take any other action relative thereto.

And you are to serve this warrant by posting three attested copies thereof according to the vote of the town; namely, at the Town-house, at the Kendal Green post-office and on the town bulletin-board at the junction of South Avenue and Newton Street and Park Road, seven days at least before the time appointed for said meeting.

Hereof fail not; and make due return of this warrant with your doings thereon to the Selectmen at the time and place of said meeting.

Given under our hands this twentieth day of May in the year of our Lord one thousand nine hundred and twenty-six.

HERBERT E. TYLER,  
B. LORING YOUNG,  
B. H. DICKSON, JR.,

*Selectmen of the Town of Weston.*

Pursuant to the within warrant I have notified and warned the inhabitants of the Town according to order.

THOMAS F. HAYES,  
*Constable of Weston.*

### **Special Town Meeting.**

JUNE 2, 1926.

Pursuant to the foregoing warrant, a meeting of the inhabitants qualified as aforesaid, was held at the time and place appointed. At 8 o'clock P.M., a quorum being present, the meeting was called to order by Andrew Fiske, Moderator. The warrant calling said meeting and the return of the officer who served the same upon the inhabitants were read by Brenton H. Dickson, Jr., Town Clerk.

ARTICLE 1. Upon motion of Arthur L. Coburn it was

*Voted:* That the Board of Park Commissioners of the Town be and is hereby authorized to acquire by purchase or take by eminent domain for the purpose of a public park, in accordance

with the statutes of the Commonwealth, all or any part of the following described parcel of land, to wit:

A certain parcel of land now or formerly of George H. D. Lamson containing approximately 2 acres, lying southwesterly of the present Town Hall lot and bounded and described as follows:

Beginning at a stone bound on Town House Road at the southwesterly corner of the present Town Hall lot; thence running in a general southwesterly direction by said Town House Road about four hundred ninety-three (493) feet to a point on said Town House Road immediately adjoining a parcel of land now or formerly of said Lamson upon which building restrictions have been imposed by previous action by or on behalf of the Town; thence northwesterly by said parcel so restricted about twenty-five (25) feet to a corner; thence in a general northeasterly direction by a broken line by land now or formerly of said Lamson and by land now or formerly of Seabury or Lyman and Parson approximately five hundred fifty (550) feet to a stone bound; thence easterly by land now or formerly of Pushee approximately two hundred fifteen (215) feet to a stone bound at the northwesterly corner of said Town Hall lot; thence southerly by said Town Hall lot about one hundred eighty-three (183) feet to the point of beginning.

And said Board is hereby authorized to acquire or take said land in fee, subject, however, to any rights of way or easement which in the opinion of said Board will not materially interfere with the possession and use of said land for park purposes or which will substantially lessen the cost to the town of such acquisition or taking.

It was voted to take the above vote by a show of hands and the Moderator appointed the Town Clerk and B. Loring Young tellers. One hundred one voted in the affirmative and 4 in the negative.

Arthur L. Coburn then moved

That the sum of five thousand (5,000) dollars be and is hereby appropriated for the purchase or taking of certain land for park purposes under authority of a vote adopted by the town at this meeting, said sum to be expended by the Board of Park Commissioners. This vote was also taken by a show of hands, one hundred ten voting in the affirmative and two in the negative.

Arthur L. Coburn then moved

That the money appropriated at this meeting be assessed upon the polls and estates taxable in this town and be collected as the town charges are usually assessed and collected as provided by law. This motion passed by unanimous vote.

At 8.32 P.M. it was voted to dissolve the meeting.

Dissolved.

The following Rules and Regulations were adopted by the Selectmen acting as Board of Survey under section 74 of Chapter 41 of the General Laws:

# COMMONWEALTH OF MASSACHUSETTS.

## COUNTY OF MIDDLESEX.

Rules and Regulations of the Board of Survey of the Town of Weston adopted by the Board of Selectmen acting as a Board of Survey under authority of Sections 73 and 74 of Chapter 41 of the General Laws and a vote of said Town of Weston at a Special Town Meeting held November 17, 1925.

**TOWN OF WESTON.****Board of Survey.****Rules and Regulations governing the Preparation of  
Petitions and Plans to be submitted to the Board of  
Survey of the Town of Weston.**

1. All plans hereafter submitted for the approval of the Board of Survey under the provisions of Chapter 41 of the General Laws must be drawn on tracing cloth and be of uniform size, viz.: 18 inches high by 31 inches wide, inside the border, with a 1 inch margin on each side, except the left where it will be 3 inches wide.

2. Plans must show scales, date, surveyor's name and address, north point and names of abutting owners.

3. Unless otherwise directed, the scale of all plans must be 40 feet to an inch, the horizontal scale of profiles 40 feet to an inch and the vertical scale 4 feet to an inch.

4. The plans must give sufficient information to accurately locate the proposed street as well as its accurate connection with other existing streets in the vicinity. They must show ground heights at the centre and both sides of streets at each 50 foot station. All buildings, walks, drives or other fixtures abutting on or near the proposed streets shall be shown, if they are affected by the proposed lay-out.

5. The lines of the proposed street and proposed grades, as well as the figures showing the radii of curves, widths and proposed grades, must be shown in red ink; all other figures and lines in black ink.

6. The minimum width of proposed streets shall be 40 feet, but streets which may become secondary thoroughfares must be at least 50 feet in width.

7. Profiles must show, in addition to the proposed grade, present elevations of the centre of proposed streets every fifty feet. All elevations on the profile shall be referred to Boston City Base.

8. Unless otherwise permitted by the Board of Survey the street should be so located that the maximum grade will not be more than 6% or less than 0.5%.

9. All connecting street lines must be rounded in a manner satisfactory to the Board of Survey with a minimum radius of 20 feet.

10. If a street submitted for approval does not extend through to another street and in the opinion of said Board is likely to be extended in the near future, the plan shall be of the whole street so extended.

11. Upon the approval of said plans by the Board of Survey the petitioner shall place stone monuments or other substantial marks to permanently establish the boundaries of the approved lay-out.

12. A preliminary plan showing the entire property to be developed on a satisfactory scale may be required in advance of the final plans, which shall show adjoining public streets and a suggestion for the disposal of surface water.

## COMMONWEALTH OF MASSACHUSETTS.

## MIDDLESEX, SS.

At a meeting of the County Commissioners for the County of Middlesex holden at Cambridge, within and for said County, on the first Tuesday of June, in the year of our Lord one thousand nine hundred and twenty-six.

The inhabitants of Weston in said County, by their petition to said Commissioners — among other matters — pray that South Avenue, in said town, may be relocated and specifically repaired, as will more fully appear, reference being had to the petition filed of record in the case.

The petition was presented to the County Commissioners at their meeting holden at Cambridge, within and for said County, on the first Tuesday of January, A.D. 1926, when and where notice was ordered given to all persons and corporations interested therein of the time and place when and where said Commissioners would meet for the purpose of viewing the premises and hearing the parties as by their order of notice on file and of record will more fully appear.

And at an adjourned meeting, said relocation and specific repairs were adjudged to be of common convenience and necessity, and thence said petition has been continued to this time.

And now the said Commissioners make partial return of their proceedings in the premises, as follows: said Commissioners having given notice as the law directs, met at the Court House in said Cambridge on the thirtieth day of July, in the year nineteen hundred and twenty-six, when and where the parties appeared, to wit, the petitioners and the respondent.

The premises having been examined, and the parties fully heard, said Commissioners proceeded to relocate said South Avenue between the Weston-Natick town line and Wellesley Street and direct specific repairs thereon, reserving for subsequent returns their findings with respect to other portions of said highway.

For the purpose of making alterations in the course and width of said highway, said South Avenue is relocated as follows:

The southerly line beginning at a stone bound marking the boundary between Natick and Weston is thence N. 61° 34' E. about 231 feet to a point, this course being in continuation of the

southerly line as laid out in the town of Natick in 1914, the total distance on said course from a bound marking the beginning of said course in the town of Natick being 260 feet; thence from said point N.  $55^{\circ} 22'$  E. 829.25 feet to a point which is nearly on the old southerly line of said highway; thence N.  $56^{\circ} 29' 30''$  282.60 feet to a point; thence on a curve of 2,400 feet radius bearing to the right 251.68 feet to a point; thence N.  $62^{\circ} 30'$  E. nearly parallel with the old line of said highway and about 66 feet distant from the old northerly line 1,823.93 feet to a point; thence N.  $60^{\circ} 03'$  E. nearly parallel to the old line 2,066.06 feet to a point in the easterly line of Winter Street; thence N.  $29^{\circ} 44' 30''$  E. 77.89 feet to a point nearly in the old southerly line of said South Avenue; thence N.  $46^{\circ} 16'$  E. 278.29 feet to a point; thence on a curve of 1,200 feet radius bearing to the right 801.46 feet to a point which is about 16 feet southerly of the old southerly line; thence nearly parallel to said old line N.  $84^{\circ} 32'$  E. 175.15 feet to a point; thence on a curve of 1,000 feet radius bearing to the right 320.27 feet to a point which is about sixteen (16) feet southerly of the old southerly line; thence S.  $77^{\circ} 07'$  E. 882.63 feet to a point; thence on a curve of 38.32 feet radius bearing to the right 66.33 feet to a point in the westerly line of Wellesley Street.

The northerly line begins at a point in the town line between Weston and Natick, said point being distant at right angles 66 feet from the above described southerly line in thence parallel to said southerly line and 66 feet distant therefrom to a point opposite the end of a course bearing N.  $62^{\circ} 30'$  E. 1,823.93 feet in said southerly line; thence said northerly line continues parallel to said southerly line N.  $60^{\circ} 03'$  E. 1,842.81 feet to a point; thence on a curve of 1,000 feet radius bearing to the left 240.56 feet to a point; thence N.  $46^{\circ} 16'$  E. in part parallel to said southerly line 314.41 feet to a point; thence on a curve of 1,266 feet radius parallel to said southerly line to a point opposite the end of a curve in said southerly line of 1,200 feet radius, length 801.46 feet; thence said northerly line continues parallel to said southerly line and 66 feet distant therefrom to a point near Wellesley Street where it joins the westerly line of Wellesley Street with a curve of 55.05 feet radius bearing to the left 81.18 feet. The said northerly line joins the southerly line on Highland Street with a curve of 40 feet radius and the northerly line of Highland Street extended with a curve of 1,200 feet radius.

The above description is intended to conform to a plan of said highway dated 1926 on which the above described lines are shown in red.

For the purpose of said relocation, lands are taken from the following named persons to the amount set against their respective names and as shown by the plan. Trees within the relocated lines are also taken.

Wallace M. Leadbetter . . . . .	about 4,000 square feet
Wallace M. Leadbetter . . . . .	about 10,750 square feet
Nancy E. Leadbetter . . . . .	about 1,450 square feet
Olivette J. Redlon . . . . .	about 70 square feet
Grace L. Leadbetter . . . . .	about 5,500 square feet
Mary F. Connolly, three parcels:	
Parcel #1 . . . . .	about 8,300 square feet
Parcel #2 . . . . .	about 21,500 square feet
Parcel #3 . . . . .	about 1,250 square feet
George A. and Frank V. Arancio . . . . .	about 33,200 square feet
Mary Chmiell . . . . .	about 6,800 square feet
Walter H. Thompson . . . . .	about 5,800 square feet
Alexander Sauer, Tr., <i>et al.</i> . . . .	about 7,700 square feet
Alexander Sauer, Tr., <i>et al.</i> . . . .	about 30,300 square feet
Estate of Charles J. Paine . . . . .	about 350 square feet
Estate of Charles J. Paine . . . . .	about 11,200 square feet

And said Commissioners having considered the question of damages sustained by the owners of said lands estimate that no damages are sustained and none are awarded.

The said town of Weston shall pay all damages, costs and expenses which any party may by legal process obtain in consequence of said relocation and in consequence of the order for specific repairs which the Commissioners make in this order.

On or before October 15, 1926, said street shall be graded, surfaced with bituminous macadam and otherwise improved in accordance with specifications referred to in a Memorandum of Agreement to be made between the Department of Public Works, Division of Highways of the Commonwealth, and the Selectmen of Weston and in accordance with the contract made by the Selectmen of Weston under the direction of said Department of Public Works, with the Middlesex Construction Company, a copy of said agreement and contract to be filed with said Commissioners.

In general the work shall consist of preparing the roadbed by grading and spreading gravel on a suitable depth for a foundation for said macadam, and on a foundation suitably prepared and drained, constructing a bituminous macadam roadway to the width prescribed by said specifications and to a thickness of at least six (6) inches, the upper two (2) inches to be bound with asphalt. Culverts, drainage structures and guard rail and other details shall be performed in accordance with said specifications to which reference has been made.

The work shall extend from the Natick line as far as the sum of \$45,000 will carry the work, the state county and town each contributing \$15,000 toward the expense. It is estimated that the work will extend to a point near Wellesley Street, a distance of about 8,000 feet.

On the completion of the work to the satisfaction of the Department of Public Works and of said County Commissioners, the County shall pay to the town of Weston one-third of the expense, but not exceeding the sum of \$15,000.00.

IN WITNESS WHEREOF, WE, the said County Commissioners have hereunto set our hands this third day of August in the year of our Lord one thousand nine hundred and twenty-six.

Given under our hands this thirty-first day of August, A.D. 1926.

HERBERT E. TYLER,  
BRENTON H. DICKSON, Jr.,  
*Selectmen of Weston.*

Pursuant to the within warrant I have notified and warned the inhabitant of the Town of Weston according to order.

J. SUMNER VILES,  
*Constable.*

Pursuant to the foregoing warrant, the inhabitants of the Town of Weston, duly qualified to vote in elections, met in the Lower Town Hall in said Town on Tuesday, the fourteenth day of September in the year of our Lord one thousand nine hundred and twenty-six and were called to order at 2.30 o'clock P.M. by Herbert E. Tyler, Presiding Election Officer, who read the warrant calling said meeting and the return thereon of the officer who served the same upon the inhabitants.

In pursuance of and in conformity with the laws of this Commonwealth in relation to elections, the Lower Town Hall had been fitted up as a polling-place, a space railed off, and fifteen shelves or compartments provided for the use and convenience of the voters to examine and mark their ballots. Before the opening

of the polls the package of cards of instruction, specimen ballots, etc., furnished by the Commonwealth, had been opened and the same posted in accordance with the provisions of the General Laws relating thereto.

Andrew Fiske and John J. Cronin whom the Selectmen previously had appointed Ballot Clerks, were sworn by the Town Clerk to the faithful performance of their duties. Jeremiah Sliney and Grace H. Spaulding, Election Officers, were sworn by the Town Clerk to the faithful performance of their duties.

The ballot-box was opened publicly by the Election Officers who ascertained by personal examination and publicly showed that the same was empty. The register of the box was set at zero (0) and the box immediately thereafter locked and the key of the box was delivered to the Presiding Election Officer.

Two packages supplied by the Secretary of the Commonwealth marked "Town of Weston: 1,031 Republican Ballots, 392 Democratic Ballots," were delivered to the Ballot Clerks by the Town Clerk, who took their receipt therefor. The Ballot Clerks, who were provided with a list of the registered voters of the Town, stationed themselves at the entrance to the polling-place. The polls were then declared open for the reception of votes.

At 7.30 o'clock P.M. the polls were declared closed.

The number of names checked on the voting-lists used by the Ballot Clerks and by the Election Officers in charge of the reception of ballots was 180. The ballots were sorted, counted and recorded, and declaration thereof made in open meeting by Brenton H. Dickson, Jr., Town Clerk, and were for the following State and County Officers, State Committee, Delegates to State Conventions and Town Committees, viz.:—

While the polls were open, the ballot-box and the voting list used in connection therewith were in charge of Jeremiah Sliney and Grace H. Spaulding.

In canvassing and counting of votes the regular Election Officers were assisted by Josephine Rand, John Harte, George Faber, Constance E. Burrage, John J. Cronin, Francis G. Goodale, Gertrude Fiske, Alice E. Jones, Jeremiah Sliney, John Irving Connolly, Henry A. Wheeler and Emma F. Ripley, who had previously been appointed Tellers by the Selectmen and sworn by the Town Clerk to the faithful performance of their duties.

The business of the meeting being finished, the returns were filled up and signed by the Town Clerk.

All the ballots cast at the election were enclosed in envelopes and the same properly sealed and endorsed. All unused ballots were enclosed in boxes and the same sealed. The voting lists used in connection with the distribution of ballots and the deposit

thereof in the ballot-box were certified by the officers who had them in charge and were enclosed in envelopes and the same properly sealed and endorsed. The sealed and endorsed envelopes above mentioned, the unused ballots, together with the ballot-box, the keys thereto, and the seal were forthwith delivered to the Town Clerk by the Election Officer, who in this and all other matters connected with the election followed and caused to be followed the "Laws relating to Elections" as prepared by the Secretary of the Commonwealth.

At 10.25 P.M. the meeting was declared dissolved by the Presiding Election Officer.

At a meeting of the County Commissioners for the County of Middlesex, holden at Lowell, within and for said County, on the first Tuesday of September, in the year of our Lord one thousand nine hundred and twenty-six, The Boston and Maine Railroad, by John B. Sawyer, Attorney, by its petition to said Commissioners — among other matters — prays that the manner and limits of alterations necessary at the railroad bridge over the Boston & Maine R.R. at Merriam Street, in the town of Weston, may be prescribed, as will more fully appear, reference being had to the petition filed of record in the case.

The petition was presented to the County Commissioners at their meeting holden at Lowell, within and for said County, on the first Tuesday of September, A.D. 1925, when and where notice was ordered given to all persons and corporations interested therein of the time and place when and where said Commissioners would meet for the purpose of viewing the premises and hearing the parties as by their order of notice on file will more fully appear, and thence said petition has been continued to this time.

And now the said Commissioners make partial return of their proceedings in the premises, as follows: said Commissioners having given notice as the law directs, met at the Court House in Cambridge on the fifteenth day of December, in the year nineteen hundred and twenty-five, when and where the parties appeared, to wit, the petitioner by John B. Sawyer, Esq., Attorney, and the respondent, the Town of Weston by members of Selectmen.

The premises having been examined, and the parties fully heard, said Commissioners finding said alterations necessary,

do make a partial return of their proceedings in the premises as follows:—

Ordered, that pending a final determination of the manner and details of the alterations of the said bridge and its approaches, the Boston and Maine Railroad shall be allowed to raise up the present bridge six (6) inches and make temporary grading at each end of the said bridge upon the said approaches, it being, however, provided that this order shall not prevent a further final order prescribing the manner and details of alterations requiring changes and additions to the present bridge and approaches.

In these proceedings, Alfred L. Cutting of Weston, who was at the time of filing the petition, a member of the Board of County Commissioners, took no part, and John M. Keyes, Associate Commissioner of Concord, acted in place of Mr. Cutting.

In Witness Whereof, We, the said Commissioners have hereunto set our hands this nineteenth day of October in the year of our Lord one thousand nine hundred and twenty-six.

## Warrant.

COMMONWEALTH OF MASSACHUSETTS.

MIDDLESEX, SS.

*To any Constable of the Town of Weston,*

GREETING:

In the name of the Commonwealth you are hereby required to notify and warn all of the inhabitants of the said Town, qualified by law to vote in elections and town affairs, to meet in the Town Hall, in said Town, on Thursday, the twenty-eighth day of October, 1926, at 8 o'clock P.M. for the following purposes, to wit: —

ARTICLE I. To determine whether the Town will vote by virtue of the provisions of Chapter 316 of the Acts of 1903 and of every other power and authority it thereto enabling to authorize the Selectmen to sell and convey to the Town of Wayland the conduits, pipes, mains, and other works located in said Town of Wayland and now owned by the Town of Weston, said sale and conveyance to be for the consideration of \$3,800, and to take any other action relative to the subject matter of this article.

ARTICLE II. To determine whether the Town will authorize the Board of Water Commissioners to make a contract with William M. Wilson for the installation of water mains and pipes on Viles Street and to appropriate a sum not exceeding \$2,500 to meet the expenses of such installation, this sum to be taken from the proceeds of the sale to the Town of Wayland referred to in Article I of this warrant or from any other funds in the Treasury of the Town not otherwise appropriated and to take any other action relative to the subject matter of this article.

ARTICLE III. To determine whether the Town will accept and allow as a public town way Sunset Road, so-called, from the westerly side of Conant Road near the house of Harold R. Stevens to the easterly side of Merriam Street near the house of Martin Tebo as laid out by the Selectmen and set forth in their order and in accordance with plans on file in the office of the Town Clerk.

And you are to serve this warrant by posting three attested copies thereof, according to the vote of the Town, namely, at the Town-house, at the Kendal Green Post Office and on the Town bulletin-board at the junction of South Avenue and Newton

Street and Park Road seven days at least before the time appointed for said meeting.

Hereof fail not; and make due return of this warrant with your doings thereon to the Selectmen at the time and place of said meeting.

Given under our hands this eighteenth day of October in the year of our Lord one thousand nine hundred and twenty-six.

HERBERT E. TYLER,  
B. LORING YOUNG,  
BRENTON H. DICKSON, JR.,  
*Selectmen of Weston.*

I, J. Sumner Viles, Constable of Weston, hereby certify that I have served the within warrant as therein directed.

J. SUMNER VILES,  
*Constable.*

I, Mary R. Sheehan, Clerk of Committees for the Town of Weston, hereby certify that I have mailed to every registered voter in the Town in accordance with the by-laws a true copy of the warrant for the special Town Meeting of October 28, 1926.

MARY R. SHEEHAN,  
*Clerk of Committees.*

Pursuant to the foregoing warrant, a meeting of said inhabitants, qualified as aforesaid, was held at the time and place appointed. The meeting was called to order by the Town Clerk who read the warrant calling said meeting and the return of the officer who served the same upon the inhabitants.

ARTICLE I. *Voted:* That the proposal of the Town of Wayland to purchase for the sum of \$3,800 the conduits, pipes, mains and other works located within the town limits of Wayland, said property having been acquired by the Town of Weston from the Weston Water Company, be and hereby is accepted and the Selectmen be and hereby are authorized in the name and behalf of the in-

habitants of the Town of Weston to execute all proper agreements, deeds and other instruments in writing which may be necessary or advisable to vest title to said property in the Town of Wayland, this vote being adopted by virtue of the provisions of Chapter 316 of the Acts of 1903 and of every other power and authority enabling the Town to take such action.

The above vote passed unanimously.

It was further *voted*: That the sum of \$3,800 received from the Town of Wayland for certain property connected with the water system of this Town and located within the town limits of Wayland be set up as a special fund in the treasury of the Town to be used for such purposes in connection with the water system of the Town as may hereafter be from time to time determined by vote of the Town.

This vote was also passed unanimously.

ARTICLE II. *Voted*: That the Board of Water Commissioners be and hereby is authorized to enter into contract with William M. Wilson for the installation of water mains and pipes on Viles Street on such terms and conditions as may be approved by the said Board and that the sum of \$2,500 be appropriated to be expended by said Board in connection with said contract and said installation, this sum to be taken from the special fund established by previous vote of the town and derived from the sale of certain property to the Town of Wayland.

ARTICLE III. *Voted*: To accept and allow as a public town way, Sunset Road, as laid out by the Selectmen and shown on a plan on file in the office of the Town Clerk, entitled "Sunset Road, Weston, Scales, 1''-40', profile  $\frac{\text{Hor. } 1''-40'}{\text{Vert. } 1''-4'}$  October 13, 1926, R. B. Rand, Civil Engineer, Weston, Mass."

Also to give in their votes on the following questions:—

Acceptance of the following "PROPOSED AMENDMENTS TO THE CONSTITUTION."

### ARTICLE OF AMENDMENT.

Article II of the articles of amendment to the constitution of the commonwealth is hereby amended by adding at the end thereof the following new paragraph:—

Nothing in this article shall prevent the general court from establishing in any corporate town or towns in this commonwealth containing more than six thousand inhabitants a form of town government providing for a town meeting limited to such inhabitants of the town as may be elected to meet, deliberate, act and vote in the exercise of the corporate powers of the town subject to such restrictions and regulations as the general court may prescribe; provided, that such establishment be with the consent, and on the application of a majority of the inhabitants of such town, present and voting

thereon, pursuant to a vote at a meeting duly warned and holden for that purpose.

Acceptance of the following "LAW PROPOSED BY INITIATIVE PETITION."  
PROPOSED LAW.

"An Act relative to the veterans' preference in employment in the civil service."

And you are to serve this warrant by posting three attested copies thereof according to the vote of the Town; namely, at the Town-house, at the Kendal Green post-office, and on the town bulletin-board at the junction of South Avenue and Newton Street and Park Road seven days at least before the time appointed for said meeting.

Hereof fail not; and make due return of this warrant, with your doings thereon, to the Selectmen, seven days at least before the time appointed for said meeting.

### **Biennial Election, November 2, 1926.**

In pursuance of the foregoing warrant, the inhabitants of the Town of Weston, qualified to vote in election, met in the lower Town Hall in said town, on Tuesday, the second day of Novem-

ber in the year of our Lord one thousand nine hundred and twenty-six, it being the Tuesday next after the first Monday in said month, and were called to order at six hours and thirty minutes of the clock in the forenoon by Herbert E. Tyler, Presiding Election Officer, who read the warrant calling said meeting and the return thereon of the officer who served the same upon the inhabitants.

In pursuance of and in conformity with the laws of this Commonwealth in relation to elections, the lower Town Hall had been fitted up as a polling-place, a place railed off and fifteen shelves or compartments provided for the use and convenience of the voters to examine and mark their ballots. Before the opening of the polls, the package of cards of instruction, penalties to voters, specimen ballots, etc., furnished by the Secretary of the Commonwealth had been posted in accordance with the provisions of the General Laws relating thereto.

Grace H. Spaulding and Jeremiah Sliney whom the Selectmen had previously appointed Election Officers were sworn to the faithful performance of their duties by the Town Clerk.

John J. Cronin and Alice E. Jones whom the Selectmen had previously appointed Ballot-Clerks were sworn by the Town Clerk to the faithful performance of their duties.

The ballot-box used at the election was opened publicly by the Election Officers who ascertained by personal examination and publicly showed that the same was empty. The register of the box was set at zero (0) and the box immediately thereafter locked and the key thereto delivered to the Presiding Election Officer.

Packages supplied by the Secretary of the Commonwealth containing 1,416 ballots marked "Town of Weston" were delivered to the Presiding Election Officer by the Town Clerk who took his receipt therefor. The Ballot Clerks, who were provided with a list of the registered voters of the town, stationed themselves at the entrance to the polling-place, the polls were then declared open for the reception of votes.

Upon seventeen occasions while the polls were open the ballot-box was opened and ballots taken therefrom for counting, it being deemed advisable so to do in the unanimous judgment of the Presiding Election Officer and the Town Clerk. The times of

thus opening the ballot-box and the number of ballots taken therefrom were as follows:—

9.05 A.M.	. . . . .	50
9.25 A.M.	. . . . .	50
10.25 A.M.	. . . . .	50
10.30 A.M.	. . . . .	50
11.10 A.M.	. . . . .	50

4.25 P.M.	. . . . .	50
5.25 P.M.	. . . . .	50
5.45 P.M.	. . . . .	100

At six hours and thirty minutes of the clock in the afternoon the polls were declared closed. Upon opening the ballot-box at the close of the polls 32 ballots were taken therefrom, which, together with the 900 previously taken, made the number of votes cast in person 932.

After the above ballots were taken from the box, the Town Clerk handed to the Presiding Election Officer twelve absent voting ballots which he had received. These were opened by the Presiding Election Officer and the signatures on the affidavit compared with the signatures on the applications which had been certified by a majority of the Board of Registrars of Weston. The names of the twelve absent voters were then called by the Presiding Election Officer checked by the Ballot Clerks on the check-lists and deposited in the ballot-box by the Presiding Election Officer. Upon opening the ballot-box twelve ballots were taken therefrom, which, together with the 932 previously taken therefrom, made the total number of ballots cast 944, the same as the number of names checked on the voting-lists. The automatic register in the ballot-box read 946. The Election Officers certified that on two occasions the register recorded twice.

The ballots were counted and recorded and declaration thereof

made in open meeting by the Town Clerk, and were for the following:

While the polls were open the ballot-box and the voting list used in connection therewith were in charge of Jeremiah Sliney and Grace H. Spaulding.

In canvassing and counting the votes, the regular Election Officers were assisted by Gertrude Fiske, Sallie L. Forbes, John Harte, Josephine Rand, Henry A. Wheeler, J. Irving Connolly, Bernice M. Reed, John A. Cain, Jr., Jeremiah V. Cronin, Elizabeth Sliney, Charles A. Poutas and George Faber who had previously been appointed Tellers and sworn by the Town Clerk to the faithful performance of their duties.

The business of the meeting being finished the returns were filled up, signed by the Selectmen, countersigned by the Town Clerk and delivered to the Town Clerk to be forwarded to their several places of designation.

All ballots used at the election, the tally sheets used in counting the votes cast, and the voting lists used in connection with the distribution of ballots and the deposit thereof in the ballot-box which were certified by the officers who had them in charge, were enclosed in envelopes and the same were properly sealed and endorsed. All unused ballots were enclosed in a box and the same properly sealed.

The sealed and endorsed envelopes and the box above mentioned, together with the ballot-box, the keys thereto and the seal were forthwith delivered to the Town Clerk by the Presiding Election Officer, who in this and all other matters connected with the election followed and caused to be followed the "Laws relating to Elections" as prepared by the Secretary of the Commonwealth.

At 9.05 P.M. the meeting was declared dissolved by the Presiding Election Officer.
